Another name for *dependability*

is **Dodge**

Mileage figures may change on the speedometer of a Dodge Brothers car — but there's one thing that never changes—no matter what the mileage—and that's Dodge dependability. So in new cars as well as used cars you are always on the safe and sure side if you choose a Dodge. It's the one car that for 15 years has been known for its enduring ruggedness, stamina and performance—so that today the name Dodge means dependability in every language.

**Our Mechanics are specially trained to service the New Ford**

You're sure of good service here because our mechanics are specially trained to take care of the new Ford. They know the car from A to Z and from Z to A and they have a personal interest in every job. See us the next time for oiling and greasing and ask about the Special Inspection Service at \$1.50. It will save you many dollars in the upkeep of your car.

Are two advantages of the  
**GENERAL ELECTRIC**  
**ALL-STEEL REFRIGERATOR**

Fifteen years of research and development are responsible for the quietness of operation, and the hermetically-sealed dust-proof mechanism with its permanent oiling system and the smoothest operation of any electric refrigerator on the market today. The advantages of the General Electric Refrigerators are so easy for you to recognize that we are glad for you to be the judge after we have pointed them out. The thing that we would like to insist on your doing soon, is have one of them put in your home and start enjoying it NOW.
