| <p>1 School attendance in Vernonia is increasing each year.</p> <p>2 Washington and Lincoln schools have already been overcrowded for two years.</p> <p>3 Grange hall, now being used for overflow classes, is unsafe and has been condemned.</p> <p>4 The present Washington school addition is lacking in safety and sanitation.</p> <p>5 To rebuild and enlarge Washington school into a modern school building would cost as much as to construct an entirely new building.</p> | <p>6 Good schools will boost Vernonia and bring more business into the community.</p> <p>Vernonia should build its schools now—BECAUSE</p> <p>1 The assessed valuation of the district now is \$3,000,000 and will diminish rapidly in the near future as large timber holdings are gradually cut off.</p> <p>2 By building now, the bonds will be paid off by an annual tax of only 70 cents per \$100 of assessed valuation over a period of 5 years.</p> |
