

Charges Against Miller Distorted as to Facts

(Continued from Page 1)

sources that money for its construction would be forthcoming. The promised money never materialized, and the project will have to wait. Just how Mr. Miller could have prevailed upon the Columbia River-Longview Bridge company, the Bethlehem Steel company, the state highway commission, or some other moneyed source to underwrite the proposition for the county is not clear. The implication is that if Mr. Miller had been off the county court could have accomplished it.

The commissioners' budget allowance was increased by the budget committee, consisting of George W. Ford, W. A. Wood, and O. Henry Oleen. The committee felt that the \$1200 previously allowed was too small and increased it \$300. Neither Mr. Miller nor T. B. Mills increased their own salaries, as has been erroneously asserted.

The item of \$144.64 mentioned as drawn for August includes mileage at six cents per mile. What should Mr. Miller do? Draw his salary and stay home?

The last item mentioned involves the real grudge the recallers have against Mr. Miller, but it is veiled in such generalities that the voter outside of the particular district affected is

likely to have no idea what it is all about. Mr. Miller voted for the appointment of a Mr. Barnett as supervisor of the road district 6, displacing Walter Tracey, and Tracey's friends did not like it—but it is a mighty weak argument for holding a recall election at an expense of \$2000 or more. The sponsors of the recall, unable to impress the county at large with their own local squabble, have to resort to concealing of their own petty motives and distortion of facts in order to put their scheme across.

In conclusion the argument reverts back to the machinery item, in the effort to make it the real reason for the recall. Funny, isn't it, that nobody objected to Mr. Miller on this score till after he had had been nine years in office, in a year when no machinery is being purchased?

Celebrates 80th Birthday

P. H. Roberts, better known among his friends as "Dad", celebrated his 80th birthday Tuesday. Eighty years is pretty old for some men, but not for Dad who not only enjoys life and good health, but is still able to do a days work putting in wood.

It is not hard to believe that Mr. Roberts was once known as the "Champion binder of Michigan" because of his speed, skill and endurance in binding grain back in the old days when such work was done by hand. Fifty-three years ago this July Mr. Roberts raked and bound seven acres of wheat in one day and the strongest and fastest cutters could not get ahead of him.

Although born in Wisconsin, Mr. Roberts spent most of his youth in Michigan having moved there when he was six. He came to Oregon in 1902, buying a piece of land near St. Helens. He has lived in Vernonia 10 years and has seen the town grow from a village. Mr. Roberts has many friends here who extend congratulations.
