**Teacher Employment Discussed**  
Approval of Superintendent C. A. Howard's plea for hiring Oregon teachers only to fill vacancies was expressed by resolution voted at the meeting.

President J. E. Kerr also stressed the importance of teachers trading as far as possible in the community that supports them, instead of running to Portland for articles that may be secured here as satisfactorily.

**Road Status Explained**  
There will be no designation of the road to the coast until after the report from the surveys are in, Mr. Kerr stated. He urged that Vernonians do not stop working for the road even though the commission has announced that it cannot be built this year for lack of funds.

H. E. McGraw urged that more candidates for drivers' licenses apply to the examiner when he is here, lest Vernonia be restricted to infrequent visits. All drivers must take the examination within three years, Mr. McGraw added.
