CARNIVAL COMPLETE SELLOUT

The high school carnival held last Friday was a complete sell-out, except for a half pound of coffee, by 10:30 o'clock. The auditorium, where the play was held, was packed to the rafters and some people were turned away.

The program was opened by Joe McNutt and Leo Ludwig singing "Nighttime in Nevada" and "When the Work's All Done this Fall." This was followed by Marian McCoy singing "Wasn't the Depression Awful?" written by Marian McCoy and Bert Mills.

Splendid acting was done in the one act comedy drama "Whiskers" which was given by the sophomore class after the vocal numbers. After the play Marian McCoy sang "Trouble in Paradise", and Joe McNutt sang

My first recollection is of being a little green ball covered by immense leaves and peaking through the branches on several sides of me were pump-kins about my size who became my comrades through the months of my growth into an adult pumpkin.

One day, I remember, when I was abut half grown, a boy came to hoe us. He evidently didn't care much about the job and very careless. If I hadn't crouched, trembling, under a big leaf, I probably wouldn't be here now.
