

**Blue Jays Win from St. Helens 34 to 19 On Local Floor**

The Vernonia Blue Jays defeated the St. Helens woman's team 34 to 19 Wednesday night in the grade school gym. The Blue Jays led from the start, the score standing 18 to 7 at the end of the first half. Towards the end of the game the visitors began to find the basket, but the guards were too small to cover Mildred Brady, stellar Vernonia forward, and she continued to shoot baskets with clock-work regularity. In the second half every member of the Vernonia squad played at one time or another in the game.

The line-up was as follows: Blue Jays—Mildred Brady and Bonnie Lynn, forwards; Billie Bergerson, sub forward; Mildred Hawkins and Ida Mae Hawkins, centers; Celeste McDonald and Billie Bergerson, sub centers; Helen Bergerson and Doris Vosnick, guards; "Toots" Lynn, and Erma Thompson, sub guards. St. Helens—L. Hogan and M. Oliver, forwards; J. Baseel, sub forward; G. Tillison and V. Baseel, centers; J. Tupper, sub center; H. Hanliff and M. Kennitz, guards; Hiatt, sub guard.

Following the women's game the Mist CCC team played a hard fought and close game with St. Helens high school, losing 17 to 14.

making out the final application was stressed by Judd Greenman, who pointed out that whatever the future of the CWA it is reasonably certain that money to continue it will not be so plentiful as in the past, and that applications will be scrutinized all the more carefully. The committee should find out the depth of gravel, for instance, required on the runway, he declared.

Upon motion by Lester Sheeley the airport committee was given authority to interview the bureau of aeronautics with reference to engineering requirements, avail themselves of the services of an engineer in making the preliminary estimates, and incur necessary expenses such as telephoning.

**Road Conditions Protested**

Neglect of the secondary highways in the vicinity of Vernonia was protested by E. S. Thompson, who declared that the highway department was taking excellent

The Snider Shingle mill has received their allotment for the first quarter (three months) and started operations Monday for approximately six weeks. Each mill is given so many squares per machine to cut. By this method it will take a large mill just as long to cut the same amount of squares per machine as the smaller mill. It is thought that allotments will be given the quarter rather than by the month as has been done heretofore.

Sunset camp started construction work last Monday morning. Another slide 125 feet long and 15 feet deep blocked the S. P. lines near Wheeler last Saturday. Ditchers worked 24 hours clearing the debris from the tracks and repairing the roadbed, so that traffic was restored to normal Monday morning. As was reported last week, the S. P. opened their lines last Sunday, and approximately 200 loads were shipped east and west from Sunday to Friday. Forty men and 20 engines were in use last week. Thursday the tracks had been repaired enough to run the large engines, or "hogs" as they are called.

While delivering milk last Tuesday, Paul Hankins, local dairyman, returned to find that his Ford coupe had tired of waiting and started off down the rather
