MALE DRIVERS' RECORD IS WORSE THAN WOMEN'S

Male drivers of cars in 1933, as in previous years, were involved in a larger percentage of fatal accidents than can be justified on the basis of the percentage involved in all accidents. The ratio of male drivers in fatal accidents to the total number in all accidents was 31 per cent greater than for female drivers, according to statistics.

AFTER 8,000 MILES

93%

AS STRONG AS NEW

Per cent of tensile strength remaining in cords after long use in tires:

Miles Run	Supertwist Tire Cords	Ordinary Tire Cords
8,000	93%	82%
16,000	81%	36%

Supertwist Cord—a Goodyear patent—stretches, absorbs shocks, and comes back strong! Thoroughly rubberized to resist heat, it gives lasting blowout protection in every ply. Ask us to demonstrate!

The super-soft tires the new 1934 cars are wearing can be easily applied on most 1933 or 1932 cars. Ask for our special offer on the GOODYEAR AIRWHEEL.

Any good new tire is pretty safe from blowouts—but how safe is it after thousands of miles? Think over those percentages above! Remember, the public finds that Goodyears stand up longest—that's why more people buy Goodyears than any other tires. Since Goodyears cost nothing extra, put them on your car!

The famous Goodyear Pathfinder \$5.70 up—blowout-protected by 4 FULL PLYS of Supertwist Cord insulated with heat-resisting rubber. Also, the Goodyear Speedway \$4.10 up is blowout-protected—yet costs as little as

NOTED MEN TO HEAD 65TH O.S.C. COMMENCEMENT

Leading figures in the annual graduation exercises at Oregon State College, Sunday and Monday, June 3 and 4, and the scene of part of the ceremonies. Above, from left, Dr. Herman Frank Swartz, Berkeley, commencement speaker; Bishop Titus Lowe, Portland, to preach baccalaureate sermon Sunday; Chancellor W. J. Kerr, who will take part in his 27th O.S.C. commencement; President George W. Peavy, to preside over the exercises for the first time. Below, part of last year's academic procession passing the Memorial Union building to the assembly hall.

OREGON STATE COLLEGE, Corvallis.—Invitations are out for the 65th annual commencement exercises here at which time 400 degrees will be conferred, 51 of which will be advanced degrees of masters of arts or masters of science. The tentative list of those to receive bachelors degrees is approximately 345.

The commencement weekend schedule will begin with Alumni day, Saturday, June 1, when the Silver Jubilee class of 1909 will hold

its reunion together with a dozen or more other classes to have special gatherings. Sunday there will be the usual baccalaureate services in which all Corvallis churches will join and at which Bishop Titus Lowe of Portland, head of the Methodist Episcopal church in this area, will be speaker.

Commencement exercises will start at 10 o'clock Monday morning with Dr. Herman F. Swartz, president of the Pacific School of Religion and president of the Berkeley

Chamber of Commerce as speaker. Members of the state board of higher education and other state officials will be guests of honor.

This will be the first commencement to be presided over by President George W. Peavy, recently appointed head of the college. He has invited Chancellor W. J. Kerr to take an active part in conferring the degrees as Dr. Kerr has done here every year without exception since 1908.
