STORING OF VEGETABLES IS IMPORTANT ITEM SAYS COUNTY AGENT NELSON

(Geo. A. Nelson, County Agent)
The proper storing of vegetables is an important item for all family garden products at this time of year in order to protect them from freezing weather that may occur during the winter months. This may be provided either in permanent storage that may be available on the farm or if not, temporary storage can always be arranged.

Automobile Accident Week

Here is a dandy new plan for automobile accidents:

Instead of scattering our automobile accidents throughout the year, I propose that we save them all up and have them all in one week to be known as "Accident Week."

Just think what a headline this would make: "30,000 KILLED AND 850,000 INJURED LAST WEEK IN AUTO ACCIDENTS."

What a slaughter that would be! What a noise!

Everybody in the nation would then rise up and demand that something be done to avoid a repetition of "Accident Week" next year. When a boat goes down in one of our rivers and drowns a mere 1,000 people (the General Slocum) or when a theatre burns and kills only

600 (the Iroquois), the papers are full of immense headlines, investigations are instigated, new laws are passed, and the events are remembered for 50 years.

But we kill 30,000 a year and injure 850,000 with automobiles, according to statistics of The Travelers Insurance Company, and nobody seems to mind much.

That's because the accidents are thinned out over the year and scattered in different localities. They constitute a gigantic catastrophe, but we get it on the installment plan, and anything we get on the installment plan doesn't bother us much.

So that's why I say concentrate 'em. I'll bet if my plan of having all our auto smashups in one week were adopted, somebody would sit up and take notice and DO SOMETHING.

Mrs. Frank Morris and daughter Elma, Mrs. H. A. DeWitt and son Donald, Mrs. Lloyd Cummings and daughter Betty, Mrs. Otto Beock and Mrs. Paul Young. Refreshments were served.

Mr. and Mrs. Pat Jones visited Mr. and Mrs. George Comstock Sunday.

Louis White and family spent the week end at their bee ranch.

Mr. and Mrs. Guy White visited Mr. White's parents, Mr. and Mrs. G. A. White, and brother, Mr. and Mrs. Frank White, Sunday.

KEASEY

Mrs. George Comstock entertained the ladies around Keasey Thursday afternoon. Those present were Mrs. John Luther, Mrs. Lloyd Gillham, Mrs. W. J. Lindsey and two children Joan and Kenneth, Mrs. J. O. DeVaney,

them on the ground and covering them with boards and then dirt which will protect them from the freezing weather. In all cases of storage of this kind ventilation should be provided so that the vegetables will not get too warm during the warm weather. These ventilators, however, must be securely closed during the cold spells.

Root crops can also be covered in the field by piling dirt over the rows.

A good many of our winters in this part of the country are mild enough so that a large part of the vegetables can be left out over the winter and they can be gathered when needed, but it is too risky to leave the entire crop out as occasionally temperatures are low enough to kill vegetables left in the field leaving the family without any supply of these fresh vegetables. So proper steps should be taken at this time to make provisions for storing the needed supplies for winter.

More of the details on the proper storage of vegetables is contained in Extension Bulletin 452 entitled "Vegetable Storage" which can be secured from the County Agent's office.

Grade School

FIRST AND SECOND GRADES HAVE ORCHESTRA PRACTICE

The first and second grades of Miss Anderson's room are practicing to have a rhythm orchestra so they can show what primary grades can do in the way of music. They are also beginning a study of Indian life and are making various posters to be put on their sand table.

GRADE SCHOOL TO HAVE BASKETBALL TEAM

The grade school is going to have a basketball team this year. Practice will start the first Monday after Thanksgiving.

MATCH BOX HOLDERS COMPLETED

The eighth grade boys have just completed match box holders in their industrial arts class. They are now starting necktie holders.

Eighth Grade Makes Maps

Several pupils of the eighth grade are beginning work in large history maps to be used while studying events of the Civil war.

John Harris, a former member of the eighth-A class, has moved away. His new home is in Silverton. John was a reporter for the paper and his place is filled by Donald Peterson.

FIRST GRADE MAKES THANKSGIVING SCENE

The first grade class is making a pretty Thanksgiving scene with their sand table. It consists of a barn, a lake with ducks on it, and some pumpkins to represent the harvest.

EIGHTH GRADE PLANS CLASS PAPER

The eighth-A group held a class meeting last Wednesday during English period. It was decided to have a class newspaper which will contain news items concerning the class, cartoons drawn by the pupils, poems, and jokes about different pupils in the class.

IMAGINARY LINES DIVIDE BASEMENT

The basement in the east wing of the school has been divided into four imaginary sections for different games. One section has been reserved for small girls on-

Here's a couple of more biology boners: Aunts belong to the social order of insects. Biogenesis was a professor in the . . . university.

Miss Hughes: "Name three strong nouns."

Kuly Clark: "Onions, garlic, limberger."

Miss Crary: "Illustrate the word 'abundance' in a sentence."

Leo Ludwig: "Uh, uh. I have seen a cake walk, but I never seen a bun dance."

Ray Mills: "Name three things that has starch."

Esther: "A collar and two cuffs."

Mr. Skuzie, in biology: "Do the questions puzzle you?"

Dave: "No, it's the answers."

Norman C.: "What is a football coach?"

Henderson: "Usually an ambulance."
