## Class of '35 Is One of Most Active Groups in School

One of the most active groups to graduate from Vernonia high school is the senior class of 37 members who will receive their diplomas in May. The majority of the class has spent four years at Vernonia high, and all of the members have contributed much to the scholastic and activity honors gained for the school.

In the last issues of the Timberline, a short resume of each senior's activities during his high school days will be given.

Holly Holcomb—"A good personality is worth more than gold."

Holly graduated from the Washington grade school and has attended high school at Vernonia all four years, majoring in mathematics and history.

Holly has been very active and outstanding in football, basketball and track the four years of his high school course.

His ability as a leader gave him the position of class president during his freshman, sophomore and junior years. This year he is president of the student body.

Holly played one of the leading parts in the junior play last year. His willingness to try and his jolly good nature will be remembered by all those who learned to know him during his four years at Vernonia high.

Marguerite Laird—"Light hearted I wander through the world."

Marguerite graduated from the Washington grade school and has spent her four years of high school at Vernonia. She majored in mathematics and social science.

Marguerite took part in girls' basketball and this year she is president of the senior class. Her light heartedness and laughter has won her a distinct place in the senior class.

Earl King—"He does his mischief in impish fun. He wants his laughter 'ere life is done."

Earl graduated from Washington grade school and has attended high school at Vernonia for four years.

Earl was outstanding in basket-

ball, football and track and earned his letter his sophomore, junior and senior year. Earl showed constant development and improvement in athletics and if he keeps on going he will sometime gain an honorable position among the big athletes.

Earl was a member of the Lettermen's club and took part in the carnival play and is senior class treasurer.

Earl, although one of the most bashful and quiet members of the senior class, is one of the foremost in the ranks of the mischievous. His many pranks and tricks will be missed when he graduates.

Helen Messing—"Up to the minute in every way."

Helen graduated from Washington grade school and has spent her four years of high school at V.H.S. She majored in English and social science.

Helen has taken very active and dependable part in all the school activities. She took part in girls' basketball and held a part in the junior play in '34. She was attendant to the May Queen in 1934. She has served on many important committees and is senior class secretary and vice-president of the student body.

Helen is always ready to do her part in all school affairs. Her personality and winning smile have helped to make her one of the outstanding members of the class of '35.

Dave Howard—"Life would be dull indeed without some cause for mirth."

Dave transferred to Vernonia high from St. Helens in his junior year.

Dave earned high honors in football, basketball and track while at Vernonia.

Dave was president of the Lettermen's club his junior year. For two years he was selected as an all-county football star and also won high honors in the district track meet in his junior year.

He majored in history and science.

No matter where he was, on the football field, gym floor or at school, Dave always played the part of a perfect gentleman.

Dave graduated at mid-term and registered at O.S.C. He has been pledged to Phi Delta Theta fraternity.

Dave's giggling has been missed by all the students of V.H.S. Even Holly Holcomb seems lost without his "ever ready" shadow.

## Editorial

Many of the students of V.H.S. are counting the days and even the minutes until school is out. All they can find to talk about is vacation.

Students should not get the idea of just wasting away the time until school is out, because there are new things to learn and new material in their text books that is valuable and they should make the most of their opportunities and try to learn something new and not let their grades drop at the last minute.

If everyone works and tries his best the days will pass much more quickly than if he just sat around and dreamed. It would be helping the teachers as well as yourself.

### BOYS GROW MOUSTACHES

Two high school boys, Carl Jensen and Cleon Woodruff, are having a contest to see who can grow the best moustache.

Cleon is leading the race by a hair with Carl running a close second. The boys have only been two weeks growing their moustaches which are now fully three-sixteenths of an inch long. If the present rate of growth continues their upper lips will soon be sporting a growth of hair at least a half of inch in length and of a pale white color. Due to this lack of color they may

have to use a little dye in order to display their adornments to the best advantage, as no one has been able to see the moustaches unless they inspect the boys closely.

There has been no definite date set for the close of the contest, but it promises to be a gala occasion, when the judges have inspected each albino hair of the respective moustaches with the aid of a reading glass, and proclaim the winner to be the "Grand Champion Moustacher" of V.H.S.

### SENIORS HAVE

#### PICTURES TAKEN

The seniors came to school last Friday all decked out in their best.

The girls had new permanents and dresses but all the boys had was an uncomfortable look as they stood around the hall in new coats and neckties. One of them was so uncomfortable that he removed his coat and vest and then went home without them.

Some of the girls bragged that the cameraman thought them so beautiful that he shot them six times but it might have been that the first shot wrecked the camera and he had to double check. But nevertheless a favorable impression was made on the underclassmen who spent the whole day gawking at the seniors.

The girls without their war paint reminded one of a group of ghosts.

### PERSONAL

Marjorie Holtham has gotten a stenographic position at St. Helens. Marjorie has already enough credits to graduate.

Dorothy Nanson from Astoria was a school visitor Friday.

## Coach Issues Call For Spring Practice For Grid Squad

Coach Wallace McCrae has sent out a roll call for football players to start spring training the first of next week. The first four weeks will be used to teach the boys some fundamentals. The remaining weeks will consist of scrimmages.

All of last year's regulars except Holcomb, Howard, Ovesen and Sandy, who graduate this year are expected to turn out. Coach McCrae will be faced by the the hard problem of building up a player to take the place of Dave Howard, Vernonia's greatest offensive threat. Holcomb's position at quarterback will also be hard to fill.

Many promising linemen will be gunning to win a position on the forward wall. Among them will be Lamping, Schalock, Lewis, Adams, Pickens, McDonald, Morris, Counts and Earl King.

Meeker, Henderson, B. King, Parker and Condit will attempt to fill the backfield vacancies.

### JUNIOR PROM

Plans are being worked out by the appointed committees to make all the preparations for the Prom. Nothing can definitely be put forth before two weeks time.

The juniors hope to put on the best prom that has ever been put on by a junior class.

Beryl Smith visited school Friday.

Mrs. Elizabeth Corbin, of Hull, England, arrested for begging, was found to have \$40,000 in the bank.
