## What Other Editors Say

### Useful Purpose Found

#### For Logged Over Land

Grazing boards and regulations are generally thought to be limited to eastern and central Oregon. However, just last week at St. Helens three of the largest land owners of Columbia county met with the county court to organize a grazing board to handle problems which will arise out of pasturing cattle and sheep on logged off lands.

Grazing of logged over land was an innovation this year with about 25,000 head being pastured on Columbia county lands. With the summer grazing completed the sheep are now being shipped to market and to winter ranges in eastern Oregon and Washington.

The St. Helens report states that more sheep are expected to return to Columbia county next year.

Income from grazing next year will be at the rate of 3 1/2 cents per month for a ewe and lamb, an increase of one cent over the charge this year. This is expected to be increased each year until 5 cents for a ewe and lamb

per month will be paid. Rates for cattle will be 14 cents per head per month.

Grazing always uses cheap land and will never be the source of large income. Columbia county is merely making an effort to find an income to in part take the place of that lost through cutting of its timber. Grazing is merely one phase of a larger problem.

## Ten Years Ago . . . .

Vernonia Eagle, Oct. 16, 1925

F. McBaren has purchased the splendid ranch home of Noble Dunlap, and will conduct a fox farm there. Mr. Dunlap will move to Vernonia.

A baby boy was born two weeks ago to Mr. and Mrs. M. L. Gaines.

Ray Mills, who is attending the Pacific university at Forest Grove, was home for the

week end.

Earl Smith is in Eugene this week as a delegate to the K. P. grand lodge.

The home of W. H. Hess, three miles west of town, was destroyed by fire Monday night. Mr. Hess, though over a hundred years old, is still active and able to work his place.

The river is low and the electric power goes off often. In fact the service is absolutely rotten.

The paving on Bridge street is finished, and the sooner we can use it the more delighted we will all feel.

A ladies' gymnasium class is being formed under the direction of Dr. Ella Wright.

### COUNTY 4-H CLUB WINNERS AT LIVESTOCK SHOW ANNOUNCED

The following are the winnings of the 4-H club livestock members at the Pacific International Livestock Exposition.

First—yearling senior guern-

sey heifer owned by Violet Schwab, Deer Island.

Second—on a junior calf owned by Shirley Schwab, Deer Island.

Third—on a producing cow owned by Ludine Schwab.

Fifth—on a junior calf owned by Violet Schwab.

All these placings were won with heavy competition in practically all the classes. In the open class Melvin Schwab won first on his yearling guernsey bull and third on his aged guernsey bull.

Columbia county was represented by a livestock judging team at the Pacific International—the Deer Island Calf Club

Blanche Colvin, Ludine Schwab and Shirley Schwab of Deer Island.

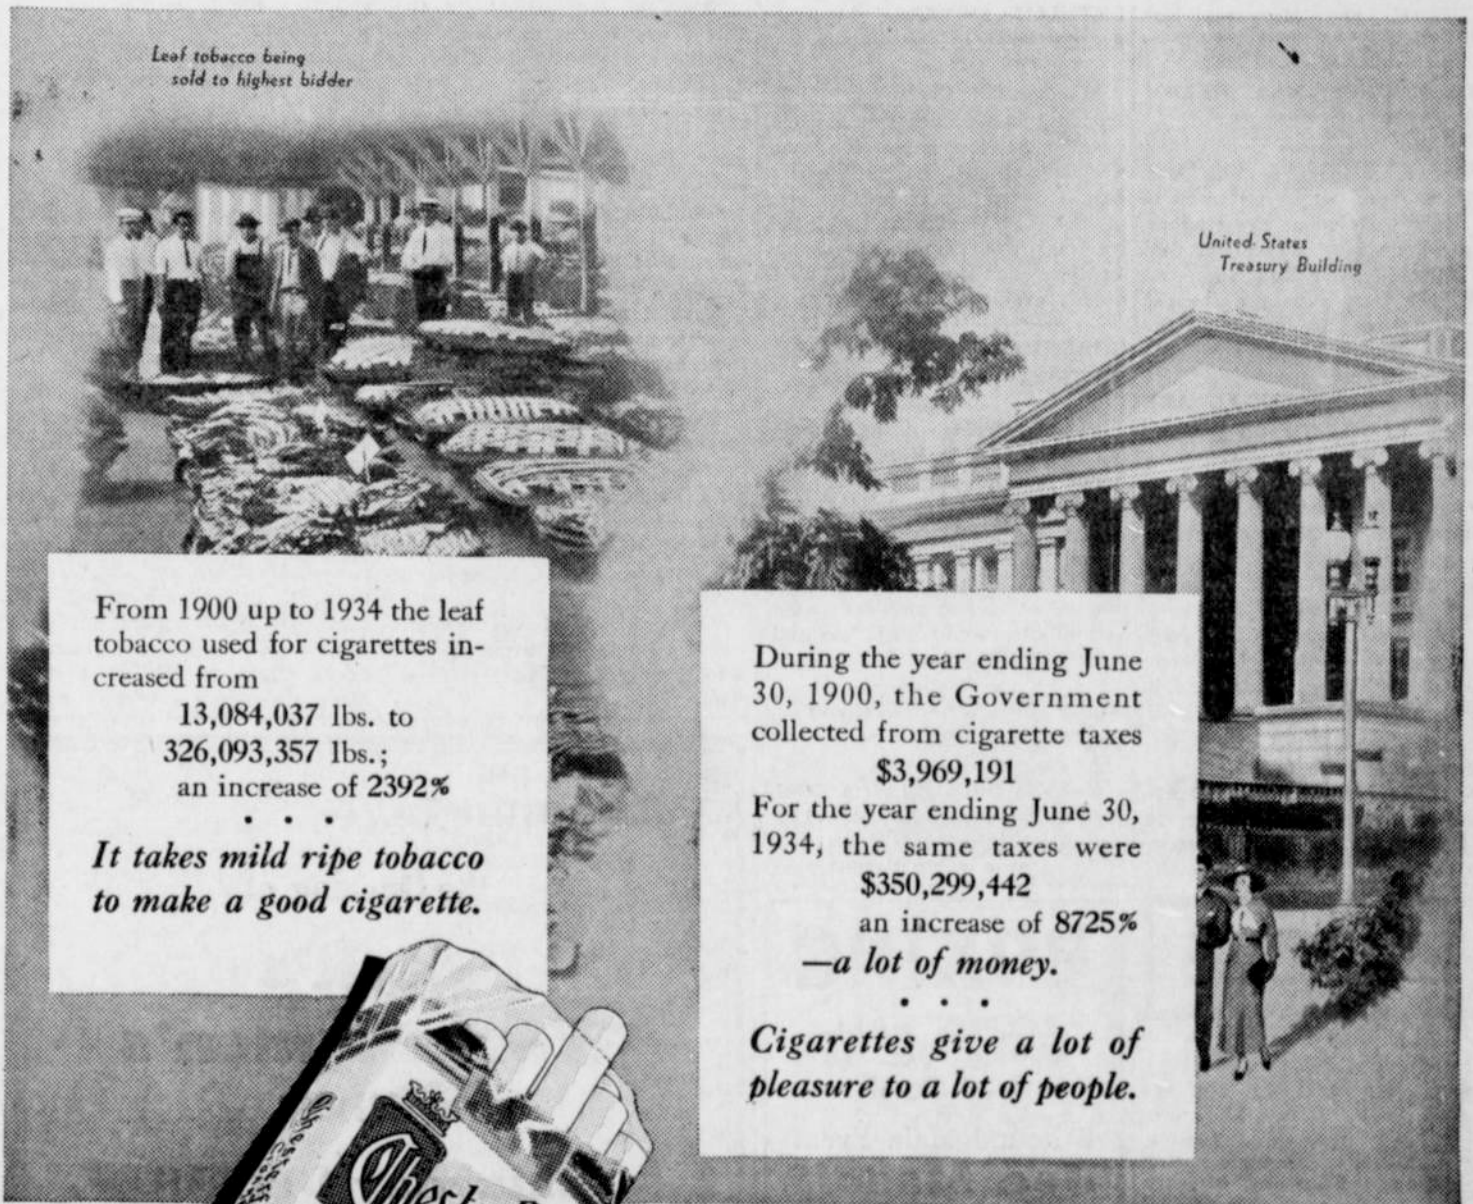

They competed with about 56 teams at the Livestock exposition from the northwest states and made a very creditable showing.

Geo. A. Nelson  
County Agent

The average child of grade school age is becoming more aware of traffic hazards than are grownups, according to figures compiled by the safety department of the Oregon Motor association. While there has been an actual decrease in child deaths in the past 12 years, the increase has been around 100 per cent for grownups.

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from  
13,084,037 lbs. to  
326,093,357 lbs.;  
an increase of 2392%

*It takes mild ripe tobacco to make a good cigarette.*

During the year ending June 30, 1900, the Government collected from cigarette taxes  
\$3,969,191

For the year ending June 30, 1934, the same taxes were  
\$350,299,442  
an increase of 8725%  
—a lot of money.

*Cigarettes give a lot of pleasure to a lot of people.*

*More cigarettes are smoked today because more people know about them—they are better advertised.*

But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

*Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette.*

**We believe you will enjoy them.**
