U. S. Designers Following Glittering Fabric Trend

The French started it, but American designers were quick to follow the new trend of glittering fabrics for afternoon and evening wear. A survey just made of American textiles discloses that every important manufacturer in New York has designed and presented materials to achieve unusual brilliant effects. Cabled reports on the first fall openings of the Paris dressmakers still further indicate the advent of sparkling fabrics.

Make Free and Easy Wrap-Around With a Smart Shirtwaist Air

PATTERN 2396

A work-a-day frock which combines all the best style features of your more expensive frocks, plus some of its own, is the frock most apt to "earn its salt," and your admiration. As popular with the slim figure as it is with the bit-more-plump one, this wrap-around is easy to make, and oh-so-simple and easy to slip into in the morning. The smart collar gives it a tailored look, as do the slashed sleeves, although the collar may be omitted if you're a fancier of the free "n" easy neckline. It's practically frock and "undies" in one, for no slip is necessary with the generous shadow-proof over-lap.

Pattern 2396 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42 and 44. Size 16 takes 3 3/4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

SEND FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

Address orders to the Sewing Circle Pattern Dept., 243 West Seventeenth St., New York City.

FABRIC KNOWLEDGE AIDS WISE BUYING

Fabric knowledge is part of your fashion education. The smart woman knows that. It isn't the initial cost of a dress, it's the upkeep that counts. When you are confident that your taffeta will stay crisp; that your satins will hold their luster; that your chiffons will retain their loveliness and never get sleazy or sloppy; when you know that your sheers will hold their shape and that your crepes won't ultimately sag under an avalanche of beading or braid, that your cloaks will stay in, and that your drapes will not sag—then, and only then, are you well dressed.

Women are rapidly learning to find out all these things before they buy a dress. They are learning to buy predictable merchandise.

Evening Bag

A smart evening bag is made of gold kid that simulates the texture of reptile skin. It is a small pouch shape with a gold frame.

Household Questions

Fill ugly cracks in furniture with beeswax and then varnish over.

Put the fork in the fat of steak when turning it. If put into meat the juice will escape.

Always iron ecru linens on the wrong side. Ironing on the right side robs them of their luster.

A little olive oil rubbed over paper that has stuck to a polished surface softens paper and makes it easier to remove.

House palms should not be exposed to the direct rays of the sun nor should they be placed near a radiator.

Gravy will not soak through the lower crust of a meat pie if the white of an egg is brushed over lower crust of pie.

Sheer wool crepe in the brighter colors makes very attractive side draperies. They are lined with egg shell sateen.

Rings of canned pineapple browned and sprinkled with chopped green peppers and pimientos make an attractive garnish for steak, chops or roasts.

Some stucco walls may be washed with soap and water, but a coat of stucco sprayed over the whole surface is much more satisfactory than washing.

Varnished dark woodwork will have a fine gloss if washed with warm water and kerosene. Add a cup of kerosene to a large pail of warm water.

When potatoes are baked in their skins the moisture in potato supplies the steam that makes the texture of the vegetable soft and mealy, at the same time preserving the flavor.

When pressing neckties, cut a piece of cardboard the shape of the tie and slip inside of it. Cover tie with a cloth and press with hot iron. There will then be no marks left by seams and hems.

LATE STYLE NOTE

Dull leaf green in a novelty weave crepe is enchanting with brown fur. A collar of stitched-down fan pleating is draped softly at the throat of this smart frock and a pleated ruffle edges its skirt and sleeves.

Use One Batter for Many Cakes

May Be Done by Adding to Mixture and Varying the Frosting.

A single cake batter can be given such variety that it would scarcely seem that different recipes were not used. Let us take the regulation 1-2-3-4 cake recipe and see how it can be done by adding to the mixture and by diversifying frostings. When a woman wishes to entertain without too much effort in the refreshments, she will find the ways described helpful.

1-2-3-4 Cake.

1 cup butter 3 cups flour
2 cups sugar 4 eggs

Also one cup sweet milk and one teaspoon vanilla or other flavoring. Cream butter. Add sugar gradually while creaming butter, add beaten egg yolks, then the flour and milk alternately and vanilla. Add one-half teaspoon salt and two level teaspoons baking powder to the flour before sifting into cake. Beat well and fold in whites of eggs beaten dry.

Chocolate Cake.

Divide the batter in half and to one portion add one square (or more if wanted) chocolate melted and mixed with a little cold milk to a paste. This will give plain and chocolate cake from same mixture.

Three Cakes From Same Batter.

Separate the cake batter into three portions, one leave plain, one make into chocolate cake, and the third into citron, date or raisin cake by adding the fruits named. Bake in individual cup cake tins.

Variety by Frostings.

Use the same mixture plain, or in any or all of the varieties given, make any favorite plain frosting or use the following recipe:

2 tablespoons cream or rich milk
Confectioners' sugar
Flavoring

Add sugar gradually to the cream and stir until smooth and the right consistency to spread.

Colors and Cakes.

Frost chocolate cake with white icing, and white with chocolate frosting, which can be made by adding melted chocolate to part of the above recipe. Flavor white with almond, and chocolate with vanilla extract. Or, if made into small cakes, frost some white cake with white frosting, some with chocolate, and frost chocolate cakes in the two ways. Top chocolate cakes with half nut-meats and white cakes with candied or maraschino cherries.

Colored Icings.

Yellow frosting should be flavored with orange. It is the white frosting tinted with yellow vegetable coloring. Green is similarly toned green, and flavored with pistachio or peppermint. Pink, color with pink, and flavor with strawberry, cherry or vanilla.

Two-Toned Frosted Cake.

When a single cake is baked, half can be frosted with one color and half with another, as chocolate and white, or whatever choice of colors is preferred.

MACARONI OF MANY SHAPES

Macaroni and spaghetti in Italy have almost as many shapes as there are cities in the country. At Bologna it is ribbon-shaped; in Rome it comes in strips, but that of Sicily amazes travelers most of all. It is skillfully rolled around knitting needles to make it a tiny spiral.

WHY MILLIONS CARRY TUMS!

MILLIONS now know the smart thing is to carry a roll of Tums, always. Heartburn, gas, and other symptoms of acid indigestion have a habit of occurring at unexpected times. You don't have to drench your stomach with harsh alkalies which physicians have long warned may make the tendency toward acid indigestion worse. Tums, a real scientific advancement, contain no soda or other alkalies. Instead a wonderful antacid that simply neutralizes stomach acidity, the balance passing out of the body inert. Pleasant to eat as candy. Only 10c a roll. Put a roll in your pocket now.
