MRS. THOMAS TELLS OF TRIP TO CHICAGO

(Continued from Page 1)

Centralia Cronicle gave an interesting talk on newspapers. He has expressed sincerity in the Townsend plan 100 per cent through his paper and is unafraid to express his views on the Townsend plan at all times through his paper. We can be justly proud of a 100 per cent Townsend newspaper in our own home state. The Douglas County Times, Roseburg, Ore., managing editor Bert G. Bates. He has the loyal support of a Townsend club of 1200 and 37 business houses who are 100 per cent Townsendites. We hope there are many more newspapers not afraid to stand for what the most humanitarian plan ever brought before the people.

There are 4504 Townsend clubs in the United States and it is expected there will be 1000 more clubs organized within the next 30 days.

Mention was made of a Thanksgiving meeting in November, for the plan will have passed by that time and the Townsendites will eat their Thanksgiving turkey stuffed with the Townsend plan and prosperity.

The National Legion, with a membership of 8,000, closely connected with the Townsend clubs, is one of the little spark plugs

of the Townsend plan. They hope to increase their membership to 80,000 by Dec. 25, 1935, for a Xmas present to Dr. Townsend and R. F. Clements.

Enthusiasm was every where, doubt of success of the plan does not exist. 7000 delegates each paid a \$2 registration fee and almost half as many visitors paid \$1 to mix among the duly appointed representatives.

Townsend clubs boast of a membership so huge and growing that nobody, not even its gentle silvery haired leader, Dr. Townsend, can furnish a close estimate. The usual answer is "between 4 and 7 millions."

Mr. Al Morse, sec. of Townsend club, St. Helens, was invited to speak over the W. L. S. Chicago and N. B. C. radio station. He represented five Townsend clubs from Columbia county. Seven clubs in Columbia county sent 7 delegates to the National Townsend convention.

Mr. Hansen, of Portland, requested all delegates returning home on the Townsend special, to write their impressions of the convention in about 50 words and hand to him, also we were advised that each could send picture to his office upon returning home and the picture and "Impressions of the Convention" would be printed in book form and a copy mailed to each delegate to keep. He also received a telegram Wednesday afternoon on the train announcing there would be a reception for all delegates at the Union depot upon arrival. The whole Union depot was crowded and the band played for us and Mr. Clyde spoke over the loud speaker and Mr. Hansen also spoke, then it was announced there would be a parade of cars and people walking from the depot to Burnside and 4th. All traffic was stopped for the parade and police patrolled the fine and all side streets. Goodbyes were said on the Townsend special before arriving in Portland, and vows were made to work harder than ever for the Townsend plan.

Mrs. C. O. Thomas, Vernonia, Oregon Delegate to Chicago Townsend National Convention.

R. C. CAMPAIGNS TO PREVENT ACCIDENTS
Program Inaugurated in Local Chapters to Cut Down Farm and Home Accidents

The American Red Cross has launched a nation-wide campaign to eliminate hazards in the home and on the farm that now take an annual toll of nearly 35,000 lives, according to a recent statement by James L. Fieser, vice chairman in charge of domestic operations.

"Every Red Cross chapter is being asked to play a part in this campaign," Mr. Fieser said. "Hazards in the various communities will be pointed out. The children in our schools throughout the country will be given a list of the home hazards and asked to enroll parents or relatives in the fight against them."

Nearly five million men, women, and children were temporarily disabled in the homes of America last year by accidents, officials of the National Safety Council have revealed. Most of the accidents in which persons were killed and injured could have been prevented, according to this safety agency, this fact alone largely motivating the Red Cross drive for accident elimination.

Active cooperation of social, civic, educational, veterans', and other groups has been secured. Red Cross inspection forms or home check lists will be distributed to homes where there are no children with the help of these organizations.

Due to inaccessibility and lack of compensation coverage, little or no pioneering has been done in the field of farm safety, the Red Cross states. However, more people were accidentally killed in agricultural pursuits last year than in any other occupation, making the need for safety education and farm home inspection apparent.

Other agencies now active in the accident-prevention field point to the fact that, because of its nearly 13,000 chapters and branches, the Red Cross has a unique opportunity to successfully promote a project of this nature.

Home accidents injure many more than do automobile accidents; they kill nearly as many, claiming an average of about 90 lives daily. In terms of dollars and cents, for the practical minded, home accidents cost

COUNTRY CHURCH OF THE NEHALEM VALLEY

The topic of the sermon next Sunday night at the Country Church of the Nehalem Valley will be: "Christ or Communism," and the question will be asked: "Has these Beloved United States of Ours gone Haywire?"

The meeting is at 7:30 in the evening, and everyone is invited to come. Bring the family, and neighbor with us in a real old fashioned Gospel service.
