VERNONIA IN SECOND PLACE IN LEAGUE STANDING

As the result of Sunday's 2 to 0 victory over Dayton the local baseball team went into a tie with Banks for second place in the Tualatin Valley league standing. Amity is still in first place and seems destined to win the first half flag. The league plays a split season with the winners of the first and second halves meeting in a three game post season series to determine the final winner. The local team has a wonderful opportunity to be right in there.

Sunday's game was a well played hotly contested affair with Vernonia finally coming out on top, 2 to 0. Woodard, Dayton's newly acquired right hander, allowed only one earned, that coming the third inning when Turple got life on an error, taking second on Reisbeck's out, scoring on R. Kemper's single through second.

Vernonia's second run came in the fifth inning under circumstances that would be material for Ripley's "Believe it or Not". Cline struck out and when the catcher dropped the ball ran to first. The catcher overthrew first in his effort to make the put out, Cline going to second. The pitcher caught Cline off second so Bob scampered for third. The throw to third was wild, Cline scoring.

Vernonia collected 5 hits off Woodard, while Dayton collected 6 off Reisbeck. Dayton never threatened to score. Vernonia's infield made three beautiful double plays which kept Dayton well away from pay dirt.

Dayton is a much improved club with a new pitcher, 2nd baseman and center-fielder.

The local team was considerably strengthened with the addition of Greenman to the line-up. His big war club has been missed and is sure to account for runs in future games.

Sunday Vernonia travels to Carlton. After the Carlton game the locals come home for a four

weeks home stand.

John Ross and Kenneth Ross went to Portland Tuesday on business.

Riverview

Mr. and Mrs. Ernie Robbins and family spent the week end at the home of Mr. and Mrs. Bill Mason of Tidewater.

Exploded Ideas

SOME EXPLODED IDEAS ABOUT LIGHT ARE:

That, because a home has electric lights it is well lighted.

That, you see with your eyes alone.

That, you can read safely with most any light, with proper glasses.

That, eyes were made for close seeing tasks.

That, glare is only caused by headlights or bright sun.

That, progress in school depends entirely upon the ability of the child.

That, reading in bed is harmful, and

That good lighting is expensive. The cost of good lighting is of far less importance than the value of good lighting. You can buy good light, but you cannot buy eyes that will see.
