SUGAI TO MEET LONDON TOMORROW NIGHT

The tob bout, one hour time limit, in the wrestling match in the Legion hall tomorrow night will feature Don Sugai Japanese whirlwind whom the fans have had the pleasure of seeing here on several occasions. He meets "Cry Baby" London, the spinach faced rough neck from Lodi, California. This bout alone should be well worth the price of admission as the "Cry Baby" beat the Japanese boy in Portland a couple of weeks ago and Sugai has asked for a chance to meet London here with a promise to give him a good taming.

The second one hour bout will see Pasquale Castillo matched with Al Williams, the Chicago hoodlum. This will be the first appearance of Williams in the local arena. Both of these boys are top-notch wrestlers and should furnish the fans with plenty of thrills and action.

A slight change has been made in the card which will have Bob Raymer matched with Geo. Larsen, the battling Dane from St. Helens. Bob was originally booked as the referee but the promoter has secured the service of Earl Beebe, the heavy weight wrestler-boxer, to referee the bouts Saturday night. To accommodate the fans who wish to attend the dance or what not, the first bout will start promptly at 8:00 p. m.

Mr. and Mrs. W. J. Thompson.

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers it at receiver's door. Of course, the local delivery men get the haul from door-to-car and car-to-door at both ends. But the railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.
