BIG LICENSE RUSH EXPECTED IN JUNE

With more than 400,000 motor vehicle operators' licenses expiring simultaneously on June 30 of this year, all of which must be reissued in a few week's time, Secretary of State Earl Snell is completing plans for expediting this huge job. Application blanks will be available in May in order to accommodate those who wish to avoid the last minute rush of license renewals. Every effort will be made by the department to render the best service possible even though the demands on the department's facilities will be greater than ever before.
