Everything to Lose

I'VE BET MY WIFE AND THE KIDS I CAN MAKE THE HUNDRED MILES IN 2 HOURS FLAT!

An automobile accident is invariably the result of a mistake by someone. Quite often the pedestrian is at fault; once in a great while the finger of guilt points to the engineer who designed the highway or the man who designed the car. But in three accidents out of every five the blunder is made by the man behind the wheel.

What are these driver-mistakes that result so frequently in death and injury?

An analysis of the 1936 accident

reports by statisticians of The Travelers Insurance Company shows that exceeding the speed limit is the chief cause of death. Driving on the wrong side of the road is the next most common error and driving off the roadway is a close third. Failing to grant the right of way and reckless driving follow in that order.

Other common mistakes include "cutting in," passing on curves and hills, failing to signal, and passing standing street cars.

at 8 p. m. Pastor R. L. Bagley will hold a series of meetings in the Seventh-Day Adventist church located on the corner of 2nd and Nehalem streets in Vernonia. The meetings, portraying the "Love of God" in sermon illustrated by beautiful screen pictures and songs, will continue

from May 23 to 28 except Monday night. All are cordially invited to attend.
