

You Bet Your Life!

(Travelers Safety Service)

So you never gamble!

Do you ever cross the street in the middle of the block to save a minute or two? If so, you gamble the millions of minutes remaining in your normal life span against that inconsequential minute or two.

Do you ever take an occasional chance while driving your car? Ever pass another car on a curve or a hill? Ever exceed the speed limit? Ever pass a standing street car?

Ever fail to signal before turning?

If you do take such chances, you are eleven times as likely to be killed or injured in a traffic accident this year as the holder of a sweepstakes ticket is to win even a small prize.

When you gamble in lotteries your stake is a few dollars at most, but when you gamble in traffic you bet your life.

DOES YOUR STORE LIGHTING SAY—

People like to trade in places that are well lighted. The old dimly lighted "Joins" went with the Horse and Buggy.

Get ready for your fall business by lightening up and lighting up your place of business.

We will be glad to assist you in your lighting problems.

Remember there are no longer any country stores. Don't let transportation be more modern than your store lighting.
