

OF INTEREST TO THE HOUSEWIFE

For the Seamstress.—Before stitching heavy materials, like khaki, duck or canvas, rub hard soap over the hems and seams. The needle will then penetrate the material more easily.

Heat-Retaining Tea Caddy.—When next you make a tea caddy, try lining it with chamois leather. The leather retains the heat so well that the tea will keep really hot in the teapot to the very last drop.

Cleaning Black Frocks.—Black frocks which have become marked with powder may be cleaned quite easily by being rubbed with crumbed, dry, stale bread.

Discouraging Ants.—Prompt disposal of garbage and other waste materials around the home will aid in the control of ants. WNU Service.

HOW LONG CAN A THREE-QUARTER WIFE HOLD HER HUSBAND?

YOU have to work at marriage to make a success of it. Men may be selfish, unsympathetic, but that's the way they're made and you might as well realize it.

When your back aches and your nerves scream, don't take it out on your husband. He can't possibly know how you feel.

AT LEAST 400 CHILDREN IN NEW YORK'S CHINA TOWN HAVE BEEN NAMED AFTER DR. SHIRLEY W. WYNNE FORMER HEALTH COMMISSIONER

While he was health commissioner, Dr. Wynne became personally interested in welfare work in the Chinese quarter of New York city, and made thousands of friends.

Revolutionary bodies caused the curious situation in Bolivia. The whale was stranded on the beach off the village of Siasconset. As it was trying to free itself, a rat, caught by a receding wave, was washed into its mouth. It became lodged in its throat, choked the great mammal to death.

Ferdinando served in the six armies for the purpose of getting recruits for his organization. The armies were those of Italy, Rumania, France, Germany, England and Brazil. Last-named country jailed him for his activities, and he died in prison.

WHO'S NEWS THIS WEEK...

By Lemuel F. Parton

NEW YORK.—Jack Doyle, the Irish crooner and heavyweight boxer, sometimes known as the "mild Irish rose," said the other day he had quit fighting. But now word comes from San Francisco that the mauling minstrel wants to get back in the ring and that he has signed Harry Brodie of San Francisco as manager. However, his fiancée, Mrs. Delphine Dodge Cromwell Baker Godde, insists that he stick to his singing. Fighting, she says, is too brutal. Mrs. Godde is a daughter of the late Horace E. Dodge, automobile maker, and an heiress of the Dodge fortune.

At fourteen, Jack Doyle was heaving a 15-pound shovel on the coal docks at Queens-town. At fifteen, he was sailing before the mast on a Finnish vessel. At sixteen, he was in the Irish guards, doubling in the characteristically Celtic pastimes of singing and fighting.

He is six feet four and one-half inches tall and weighs 217 pounds. With his wavy black hair and still unmarred features, he is rated as the handsomest fighter in the business. He once smacked down ten big bruisers all at once—but that was in Hollywood. In 1930, he was champion of the Irish guards. Last April, he gave Kingfish Levinsky a handsome 12-round drubbing. As yet he hasn't any very notorious scalps on his belt, but he is still only twenty-four. Judith Allen, film actress, divorced him last April, and he awaits a final decree before marrying Mrs. Godde, whose divorce from Timothy Godde, London and Paris textile exporter, is also coming through. He has been here two and one-half years and writes home that he's having a wonderful time.

This writer thought the articles about the telepathy experiments at Duke university were one of the most interesting magazine serials of recent years. Dr. J. B. Rhine, with a large staff of assistants, made what appeared to be the first scientific laboratory examination of thought transference. They reported it a fact of everyday life. Their finding was that minds can com-

municate over long distances. Now it is announced that Dr. Rhine's book, "New Frontiers of the Mind," will appear soon. It will cover the Duke university experiments.

Dr. Rhine qualifies as a disinterested observer, having vigorously assailed fake occultism in the past. Mrs. Rhine has been his co-worker and collaborator in exploring the world beyond the senses. They both took their doctor's degrees at the University of Chicago, later pursuing studies of abnormal psychology. In 1926 and 1927, they conducted in Boston an examination of "Margery," the famous clairvoyant. They reported that "the whole game was a base and brazen trickery, carried out cleverly enough under the guise of spirit manifestations."

Commenting recently on his work at Duke university, Dr. Rhine said: "Our results have a bearing on the general problem of the survival of life after death. They show that the mind has powers not dependent upon the senses, an assumption that is made under the theory that life can exist apart from the body."

Dr. Rhine is head of the unique parapsychological laboratory of Duke university. His telepathy explorations included 100,000 experiments in which he recorded thought transference over a distance of 1,000 miles. He said their validity, as against chance, was in the ratio of 100,000,000 to 1.

The Paraguay rebellion is one more reminder that there are no halfway stations on the road to totalitarian rule.

How to Choose a Political Philosophy
President Rafael Franco, Gran Chaco war hero, was driven out several weeks ago, because he wanted to meet Bolivia half way and make concessions in the war settlement. Now the rebels are trying to bring him back.

When he set up his dictatorship last October, Hitler was his model. He invoked the "noble ideal of democracy," but proclaimed his own personal iron-fisted rule. He announced an extreme of both regimentation and freedom. It didn't work, but he may be president again and have another try at it.

Old General Estigarribá chased him out in February, 1936, calling him a communist. By February 20, he was back in power, chasing both the old general and the communists. He is now forty years old, trained in the army, withdrawing in 1934 and back in for the war.

Buffet Set in Cutwork

Pattern 5503.

"Cutwork without bars?" Exactly—and that's the very reason this lovely Wild Rose design for doilies or buffet set is so easy to do. So encouraging, too, for the beginner who'd like to try her hand at it. Aren't they life-like—these roses? Delicate shades of pink would be most realistic, of course, but the pattern is no less lovely if worked in thread to match your linen. A refreshment table set with these would be most tempting! In pattern 5503 you will find a transfer pattern of a doilie 11 by 17½ inches and one and one reverse doilie 6 by 9

inches; material requirements; illustrations of all stitches used; color suggestions.

Great Men Stand Out

Great men stand like solitary towers and secret passages running deep beneath external nature give their thoughts intercourse with higher intelligences, which strengthens and consoles them, and of which the laborers on the surface do not even dream.
