

ETIQUETTE?

Wife—We must have the Greens to dinner. We owe them one.  
 Hubby—That's so. We passed an awful evening there, and it's only fair that they should pass one here.

A MISTAKE TO WAIT

WHEN "ACID INDIGESTION" STARTS

CARRY YOUR ALKALIZER WITH YOU ALWAYS

The fastest way to "alkalize" is to carry your alkalizer with you. That's what thousands do now that genuine Phillips' comes in tiny, peppermint flavored tablets—in a flat tin for pocket or purse. Then you are always ready.

Use it this way. Take 2 Phillips' tablets—equal in "alkalizing" effect to 2 teaspoonfuls of liquid Phillips' from the bottle. At once you feel "gas," nausea, "over-crowding" from hyper-acidity begin to ease. "Acid headaches," "acid breath," over-acid stomach are corrected at the source. This is the quick way to ease your own distress—avoid offense to others.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Can Maid of Honor Sing at a Wedding?

DEAR Mrs. Post: I have an only sister who is to be my maid of honor. This sister has a lovely voice and I would like very much to have her sing at the wedding if you think this could be arranged so as not to interfere with the wedding procession. Will you tell me how you think it could best be done?

Answer: It would be unusual but not unheard of should your sister sing during the pause in the ceremony between the betrothal and the plighting of the troth. In other words, she could stand at the side of the chancel steps and sing while you and your betrothed walk slowly up the steps and take your places in front of the altar. Having finished her song, which of course must be very short, she then follows and stands on your left. If it could be arranged so that she would be hidden from view, she could sing while the congregation is assembling, but it would not do to have her enter the church and then go out again to meet you and come down in the processional.

Can't Walk Far, but Wants to Return Calls

DEAR Mrs. Post: I am a stranger in this community and in the short time I've lived here so many of the local people have been to call on me—neighbors, church women and people who were told about me by friends of mine living elsewhere. All but the neighbors live too far for me to be able to return these visits. I can not hire a taxi and the distances are too far for me to walk as I am not young. How can I show my appreciation in place of paying visits, and encourage their calling again?

Answer: I would invite them to come in to tea, or perhaps you might have a regular day at home and send out cards reading Mondays or Fridays or whatever day it is. And then tell them when you see them that you have to ask people to be good enough to go to see you because you are not able to walk so far.

Cocktails and Napkins.

DEAR Mrs. Post: I have always disliked paper napkins; in fact, when given one in a restaurant I always feel inclined to walk out. But my dislike seems to have become a boomerang. I am giving a large cocktail party, inviting over a hundred people and it is impossible to provide linen napkins for so many people. Do you think paper ones on such an occasion would be permissible?

Answer: At a cocktail party napkins are not necessarily provided. And perhaps if you put your own in a pile on the table, they will be sufficient. In addition to these, you might get some paper ones, to have ready in case your supply runs out.

Biscuit in Hand.

DEAR Mrs. Post: When ordering dry cereal, that is in whole biscuit form, which is very difficult to eat when unbroken, is it permissible to break it in the fingers before putting cream and sugar on it? If the answer is yes, then what would one do when ordering it served with fresh fruit on top?

Answer: There is no reason why a dry biscuit may not be broken in the fingers. When you are ordering fruit to be eaten on it, simply ask the waiter to bring it to you in a separate dish. Of course, if you are putting stewed fruit on it that has juice, the juice would soften the biscuit so that breaking it beforehand would be unnecessary.

ASK ME ? ANOTHER ?

A Quiz With Answers Offering Information on Various Subjects

1. Has there ever been an airplane flown around the world?
2. How long does it take to get a telephone call through to London from this country?
3. How many miles of submarine cable are there?
4. What town is nearest the geographical center of the United States?
5. What is pectin?
6. Why are some tin cans enameled on the inside?

Answers

1. There has never been a round-the-world airplane flight in that such a flight would require girdling the globe at its greatest circumference, either along the equator or along a single degree of longitude.
2. It takes from 10 to 30 minutes, although it rarely takes 30 minutes. It costs \$15 for three minutes' talk in the daytime, but the rate for Sunday and for night

- calls is \$10 for three minutes.
3. The earth is encircled with more than 300,000 miles of submarine cables, 100,000,000 miles of telephone wires and 5,000,000 miles of telegraph cables.
4. Lebanon, in Eastern Smith county, Kan., is the nearest.
5. It is a substance which appears in many vegetable tissues as a constituent of the sap or cell wall. In making jellies its presence is necessary to cause the fruit juice to solidify.
6. Red fruits and vegetables bleach in contact with tin plate and foods with sulphur content discolor the can just as a cooked egg discolors a silver spoon. The stain is harmless but uninviting.

NO OTHER TIRE CAN MATCH ITS PERFORMANCE!  
 Because THE GROUND GRIP TREAD IS PATENTED!

FARMERS everywhere know that the Firestone Ground Grip Tire out-performs all other tractor tires. They know its outstanding performance is due to the famous Firestone Ground Grip tread and no other tire can match its performance because this tread is PATENTED. They know also that no other tire can give them so many important money-saving advantages.

**GREATER TRACTION**—Takes a deeper and broader bite into the soil and has positive self-cleaning action.

**GREATER STRENGTH** to resist the strain of heavy pulling is provided because every fiber of every cord is saturated with liquid rubber by the patented Firestone Gum-Dipping process. Two extra layers of Gum-Dipped cords under the tread bind the tread and cord body so solidly together that we guarantee the tread will not separate from the cord body.

**GREATER SAVINGS**—Saves 25% in time and up to 50% in fuel over steel-lugged wheels. Low-cost Firestone cut-down wheel program permits using one set of tires on several different implements.

**GREATER DRAWBAR PULL** enables this amazing tire to do more work in a given time.

Only genuine Firestone Ground Grip Tires can give you such performance! See this amazing tire today at your nearest Firestone Implement Dealer, Tire Dealer or Firestone Auto Supply & Service Store.

For greatest economy and performance SPECIFY Firestone Ground Grip Tires on all new tractor and wheeled farm implements.

Listen to the Voice of Firestone featuring Margaret Speaks, Monday evenings over Nationwide N. B. C. Red Network.

MORE FARM TRACTORS ARE EQUIPPED WITH FIRESTONE GROUND GRIP TIRES THAN ALL OTHER MAKES OF TIRES COMBINED
