**COLLABORATES ON ARTICLE**

An article, "Recent Migration from the Drouth Areas", by Conrad Taeuber and Chas. S. Hoffman, son of Mr. and Mrs. C. S. Hoffman of this city and now assistant research project analyst, Farm Security administration, appears in a recent issue of the Farm Policy Circular, published by the U. S. Department of Agriculture.

The article points out that farm population on the Great Plains area, which had increased in the early years of the depression, has been declining since 1933. Some went to other farms in the same states, some to towns and cities in the same or other states, and some to farms in Oregon, Washington, Idaho and California. Relief rolls in the states receiving the bulk of the migrants have not increased as rapidly as might be expected, though many of the families are destitute. A survey in rural Oregon revealed that less than a third of those who entered the state between 1930 and 1932 received public

relief in this state, and for the more recent arrivals the proportion is even less.

## RULE I. FOR BARGAIN HUNTERS

HOW TO PICK YOUR USED CAR.

You want to know two things about the Used Car you buy. First -- the price must be right. Second -- the Car must be right!

The only way to make sure of both is to make sure the Dealer's right!

Your Chevrolet Dealer is a responsible Merchant dealing with responsible people. He must be right to hold his esteem in the community and continue in business.

So, he gives every trade-in an honest inspection. He does an honest repair job to the Used Car you buy. And, he sets an honest price on the car.

If you want "bargains", remember, always gauge the offered bargain by the measuring rod of a Dealer's responsibility in the community. The person who is forever offering you "bargains" is bound to ultimately go out of business. The Dealer who gives you an Honest value, is giving you that value to insure your future business with him. Having received an honest value you'll grow to depend upon the honesty of the Dealer.

General Motors Corporation and the Chevrolet Motor Company require "honesty first" of all their Dealers. You know then, that two gigantic companies are protecting you to see that you get an Honest deal when you deal with the
