

**Use of Modesty**

A just and reasonable modesty does not only recommend eloquence, but sets off every great talent which a man can be possessed of. It heightens all the virtues which it accompanies; like the shades in paintings, it raises and rounds every figure, and makes the colors more beautiful, though not so glaring as they would be without it.—Addison.

**Still Coughing?**

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

**What Irvin S. Cobb Thinks about**

**Intriguing Construction.**  
**SANTA MONICA, CALIF.**  
—Downtown I saw some sort of riage-wall going up. At first I thought it must be a part of the proposed plaza leading from our new terminal.

Our new terminal has been under construction almost as long as New York's unfinished Cathedral of St. John. Inch by inch it progresses, giving creeping defiance to those critics who say that what Los Angeles needs is not any additional entrances, but more exits.

On second glance I decided the owner of the business property behind this strange rampart probably made the same mistake I did. I saw a picture in the paper and I said, "Pretty late to be printing a photograph of Fifth avenue showing how it appeared when the World's war heroes got through pranking last month." I looked again and saw it was only a scene in Shanghai after the Japanese finished bombing.

So I figure this forehanded Los Angeleno is just getting ready for next year's convention of the vets out here. When his wall is absolutely impregnable against assault, he'll no doubt paint a big sign on it reading:

"Welcome, American Legion."

**Movie Preferences.**

I DON'T like movies about hospital where an impossible young surgeon performs impossible operations, in four strokes under par, using his irons all the way 'round; and then, while replacing the divots, makes love to an impossible although beauteous nurse. But between operations he washes his hands. Dadgum him, he's always washing his hands! Who does he think he is, Pontius Pilate?

I don't like movies about newspaper offices where the hero is a drunken reporter who behaves in a manner peculiar to newspaper reporters (in the movies); which is so darned peculiar that, in a real newspaper office, somebody'd beat out his brains with a wet towel.

I like movies showing Myrna Loy, when not playing nurse; and Spencer Tracy, when not playing reporter.

**Gossip About Cobb.**

JUST a little effort to trace down gossip now going around:

(I) The claim that I am going to play Scarlett in "Gone With the Wind" is absolutely unfounded. Latest word is that the coveted role will go to Fannie Brice, although the Rita brothers are being mentioned. If they should be chosen, Scarlett will be played as a three-handed quartette.

(II) Dame Rumor hath it that the Atlantic sperm whale will be renamed the Justice Black sperm whale. Not yet confirmed, but sounds sort of plausible. The Atlantic sperm whale has a hide almost two feet thick.

(III) The statement that Charley McCarthy may join the reorganized brain trust at Washington remains unsettled. Probably without foundation. For while Charley is trained to sit upon his master's knee, he cannot be depended on to keep silent and has too many brains to be trusted.

(IV) Stories to the effect that Representative Ham Fish will be Republican nominee for President in 1940 may be regarded as absolutely authentic so far as Representative Ham Fish is concerned.

"I'll give him a piece of my mind," said she.  
"A chip, you mean, my dear," said her hubby.

"The best way for a man to get out of a difficulty is to square his shoulders resolutely and say 'I will,'" remarks a writer. Not if he does it in church.

"And," said the instructor to the class as he finished his lecture, "if the parachute doesn't open, that is known as jumping to conclusions."

**Enthusiasm**

"Was my father very violent when you asked if you could marry me?"  
"Was he! He nearly wrung my hand off!"

"Oh, don't make a weather forecast of it, Harold!"

ALKALIZE THE EASY PHILLIPS' WAY

The quick way to alkalize is this: Take two teaspoons of Phillips' Milk of Magnesia 30 minutes after eating and drinking. Or, when among others—take two Phillips' Tablets that come in a small flat tin you carry in purse or vest pocket.—You do it unnoticed. Relief is almost immediate. "Gas," nausea, acid breath and other offensive symptoms leave.—That "stuffed" feeling and pains from "acid indigestion" cease to annoy. You feel great. This is the way, we believe, more doctors use than any other when alkalizing upset stomach.

**MAGIC CARPET**

It doesn't matter what you're thinking of buying—a bar-pin or a baby grand, a new suit for Junior or a set of dining-room furniture—the best place to start your shopping tour is in an easy-chair, with an open newspaper. The turn of a page will carry you as swiftly as the magic carpet of the Arabian Nights, from one end of the shopping district to the other. You can rely on modern advertising as a guide to good values, you can compare prices and styles, fabrics and finishes, just as though you were standing in a store. Make a habit of reading the advertisements in this paper every week. They can save you time, energy and money.

**OF INTEREST TO THE HOUSEWIFE**

**When to Add Salt.**—Salt will curdle new milk. In preparing porridge, gravies, etc., salt should not be added until the dish is prepared.

**For Tight-Fitting Lid.**—To remove a tight-fitting lid from a coffee can, wrap a light wire around the can below the lid, insert a stick and twist it up tight.

**Cooking Doughnuts.**—Doughnuts will crack and brown before they are thoroughly cooked inside if they contain too much flour or if the fat in which they are fried is not hot enough.

**Filling for Tea Biscuits.**—Sardines mixed with salad dressing and a few drops of lemon juice make excellent filling for tiny tea biscuits.

**THE REASON HEADACHES ARE RELIEVED SO FAST**

**THE REASON BAYER ASPIRIN WORKS SO FAST**  
Drop a Bayer Aspirin tablet into a tumbler of water. By the time it hits the bottom of the glass it is disintegrating. This speed of disintegration enables genuine BAYER Aspirin tablets to start "taking hold" of headache and similar pain a few minutes after taking.

All people who suffer occasionally from headaches ought to know this way to quick relief.

At the first sign of such pain, take two Bayer Aspirin tablets with a half glass of water. Sometimes if the pain is more severe, another dose is necessary later, according to directions.

If headaches keep coming back we advise you to see your own physician. He will look for the cause in order to correct it.

The price now is only 15¢ for twelve tablets or two full dozen for 25 cents—virtually, only a cent apiece.

**The Early Bird Gets the Worm**

...If he knows where to look!  
WATCH a robin on the lawn some sunshiny morning. A few hops, then a pause. A few more hops, and he listens again. Then, triumphant, he pulls out a fat, wriggling worm. A silly bird, you would say, if he merely pecked here and there, hoping to strike it lucky.

Reading the advertisements is for you what cocking his head is for the robin. Advertisers tell you just where are the juiciest bugs. Cock your eye on the advertisements in this newspaper. They may save pecking on barren ground.
