KEEP US OUT FOR SURE

By Voting Special Election APRIL 8th

NO

We of Clatsop County have had all of the "self-liquidating" bonds and extra taxes we want. We're sick of them! Ambitious bond issues kicked us right in the face, and now that we're back on our feet and making progress we don't want new bonds and new taxes to upset the apple-cart!

We hope we can stay out of the 7-County Utility District just by snowing it under in Clatsop county, but the Utility District law is so full of jokers we can't be sure this is enough.

Please help us kill this crazy-quilt 7-county scheme and let Clatsop and Columbia Counties remain a white-spot on the tax and bond map of Oregon. Then if you really want a public utility district in our counties, we will go ahead and organize it on a sensible basis.

But Keep Us Out of the 7-County Scheme. We Don't Want Any Part Of It
