EAGLE ADVERTISING SO GOOD SODEN WARNS ANSWERERS

So early did N. Soden have to get up the last time he placed an ad in The Eagle that in this week's issue he warns prospective purchasers of an electric hair clipper that he will not get up too early to "talk business." The last ad he had published covered a used tire at an attractive price and the ad was answered by a buyer before the Sodens had arisen in the morning and for that reason the local barber hesitates to advertise in his local paper.

"The results are too early and too quick," said the local man.

Pamphlet Out—

A strong plea for united effort to reduce Oregon's pedestrian fatalities is contained in a leaflet published this week by Secretary of State Earl Snell, who announced it will be widely distributed throughout the state. Stating that more than 1,500 pedestrians were killed or injured on Oregon streets and highways last year, the leaflet goes on to describe the chief pedestrian hazards and to explain how to avoid them.

TRUCK OWNERS—The Eagle can supply your legal combination transportation bills and receipts at a reasonable figure. Form ready to go. Give us your needs and rely on your home town printer. Call or see us. Vernonia Eagle. tf

FOUND—Brown checkered cloth jacket in street facing Bafford Plumbing shop. Approximate size for 12-year old. Call at Eagle office and pay for this ad.

Mr. J. W. Nichols
Oregon Gas & Electric Co.
Vernonia, Oregon

Dear Bill:

Thank you for your courtesy in informing us of the large bone found by Mr. Baslington in a well which he is digging three miles south of Vernonia. Unfortunately, this department has no Paleontologist at present and your letter is being referred to Mr. E. L. Packard at Oregon State college. Dr. Packard is a paleontologist of note and will undoubtedly wish to do something about this.

Yours very truly,
State Department of Geology
and Mineral Industries
Ray C. Treasurer, Geologist

Mr. J. W. Nichols
Oregon Gas & Electric Co.
Vernonia, Oregon

Dear Mr. Nichols:

Mr. Ray Treasurer has notified this department of a large bone which was dug up in a well near Vernonia. We will be very glad to identify this bone for you or Mr. Baslington, if you find it expedient to send it to Corvallis. I regret to state that we have no funds with which to pay freight on such specimens or to pay expenses of someone to visit the locality. We are, however, always grateful to learn of such discoveries which aid so much in the study of the geologic history of Oregon.

Sincerely yours,
E. L. Packard
Head, Department of Geology

Just a Little Bit Personal

Mrs. Earl Smith at the Cozy Confectionery is one person in Vernonia who complains little about the warm weather . . . She was setting new "coke" records the past week . . . L. H. Dewey and Bill Nichols counted more than 150 persons in swimming suits using the swimming pool one day the past week . . . An estimated 4,500 swimmers have been taken thus far this season . . . So Marshal Hank King tells us . . . Walt Kent, returned from his seashore vacation the past week, says he went for a good time and he had it . . . M. A. Oakes couldn't catch a thing Sunday until 4 p. m., and then . . . Nick Federici, new Houlton-Vernonia U. S. Mail carrier, has his trip figured to

a minute now and is having little difficulty in making the schedule . . . Mrs. Peggy Hatfield usually has a neat, attractive bouquet of seasonable flowers in her display windows . . . Some of the display windows on Bridge street need soap and water to eliminate fly specks that irk us, as well as others . . . and that really is personal, isn't it?

Father Dies—

Word was received in Vernonia the past week of the death of Hila Frazee, 66, father of Ed Frazee of Vernonia. The elder Frazee lived at Junction City, Kansas. Death came to the well known local man's father a week ago Friday, the report stated.

In an acoustical test room at the 1939 Golden Gate International Exposition visitors will have a chance to see the effects of jarring city noises on their nervous systems.
