

MONMOUTH TO PLOUTH HEREAY

JAN. 9

**BARNY
GIVEEY'S GROCERY
AS IN GOOD RATING
OF OTHER GAMES**

Wednesday a schedule announcement was made of this week another game. The Vernonia IWA five for this coming Friday, January 9, when the team will meet Barney's Grocery of Monmouth. What does is available for the opponents gives them a good team and one that has been in a steady winning pace through the season so far.

The Vernonia five so far this season has played five games and has always "pumped in" sufficient baskets to come off the floor at the final gun with leading count over their opponents.

Guests at Fords—

Mr. and Mrs. Terry Barnes of Oregon City and Mr. and Mrs. A. W. Irvine of Tillamook were visitors during the past weekend at the home of Mr. and Mrs. E. E. Ford. The party attended the ice hockey game in Portland Sunday evening.

LOGGERS TO MEET LIONS JANUARY 6

**TWO GAMES DUE ON
LOCAL FLOOR FRIDAY
NIGHT**

Playing what is expected to be one of the toughest games of the season the Vernonia Loggers will tangle with the St. Helens Lions here this Friday evening on the high school gym floor. The Loggers have been undergoing a steady practice schedule during the week and will be in readiness for the fray that evening. The game is scheduled to being at 7:30 as a double-header is slated.

Both the first and second teams of Vernonia and the first and second fives of St. Helens will play. The Lions this year have four first string players of last year's state championship contender team and are rated in top position for county championship this season.

Help with Inventory—

Mr. and Mrs. Roy Miller of McMinnville were in Vernonia from Wednesday until Saturday of last week assisting with the taking of inventory at Miller's Mercantile.

Vernonia IWA Pumps in Baskets to Win Over St. Helens Eagles

Hook, Line and Sinkers

The time is here fellows, to get that elusive steelhead. The water is right and the time of year is such that a big run should be in. Two things stand as possible opposition namely, excessive rain and east winds and who knows what the weather will do in Oregon. At any rate this column is betting that several fish will be taken this weekend. Don't forget that 1939 licenses are in order.

Watch for the pending legislation on fish and game. If it is passed we will have a superparadise in our vicinity. This column will give a complete synopsis of the proposed laws in the next issue.

Dress your line, order some fresh eggs, and I'll see you by the old fishing hole.

Players Use Hard Way Says Bridge Expert

Much interest is being reported in the coming series of contract bridge lectures and supervised play by Sam Gordon, The Kibitzer, who will be here January 12, 13 and 14, sponsored by the O. E. S. Social club in the Masonic Temple.

The trouble with most players, he says, is that they try to learn and play the game the hard way, when all they are expected to do is to tell each other what their hands contain in the simplest possible manner.

As an advocate of extreme simplicity, he shows players how to play the game understandingly with a minimum of effort in the natural manner which experts employ in a game, which is not the way they describe it in books.
