AUGUST 16 LATEST TIME FOR DISTRICT COMPETITION

The secretary of the Vernonia Softball League Tuesday received a copy of the Softball News, official publication of the Oregon State Softball Association which gives regulations governing district play-offs for this season. They are given below:

"Upon application from the cities wishing to sponsor district tournaments or play-offs, the place shall be set by the State Softball Director with the approval of the Executive Committee of the State Association. However, it is the policy of the State Association to permit each district to decide for itself through the medium of its district commissioner the time and place and all other details incident to the actual conduct of said tournament or play-off.

"All district tournament play-offs must be held on or before August 16th unless otherwise approved by the State Director.

"Article 11, Section 2 of the by-laws of the Oregon State Softball Association Constitution and By-laws states: 'Section 2—The sponsors of and State, sectional or district tournament shall be solely responsible for all expenses of balls, grounds, advertising, officials, suitable trophies, and other expenses incidental to the actual conduct of the tournament.'

"All money received from district tournaments or play-offs shall be used as designated by the sponsor or sponsors of said tournament or play-offs with the exception that the sponsor or sponsors of each district tournament or play-off, designated by the State Association shall pay a fee of \$10.00 to the Director of the State Association. In those districts where it is not necessary to hold a district tournament or play-off, the league sending a team to the State Tournament shall pay the \$10.00 fee required of all districts.

"In the event that one sectional tournament sends two teams to the State Tournament representing two districts, the sponsors of said tournament shall pay a fee of \$20.00 covering the entrance fee of two districts.

"Expense money to teams entered in the State Tournament will be held up until all district fees are paid.

"All teams must adhere to the rules of eligibility under Article I, Section 3 of the By-laws of the Oregon State Softball Association Constitution and By-Laws.

"All teams entered in the district tournament must be members of the State Association.

"The team which is to represent a franchised league in the district tournament of the State Tournament may be the winner of the league's regular season or an all-star team picked from those teams registered in the league.

"The amount of expense money allowed entering district tournaments or play-offs shall be set by the sponsor or sponsors of said tournament.

"All teams entering said district

tournaments or play-offs and the State Tournament shall fill out in duplicate an official players' eligibility blank and the publicity blank, one copy of which shall remain in the office of the State Softball Director, and the other with the tournament or play-off director. 1939 Motor Cruise Up Larch Mountain

From the winding road that climbs Larch mountain, Mount Hood can be seen. The new road makes possible for the majorist views that once were obtained only by the sturdier hikers.

This newspaper is co-operating with the Oregon State Motor Association and The Oregonian in presenting a series of motor logs designed to stimulate travel in Oregon and the Pacific Northwest. This article was condensed from a full-page article appearing in The Oregonian July 30.

BY JALMAR JOHNSON, Assistant City Editor, The Oregonian.

NEARLY EVERYONE in the least interested in hiking has climbed Larch mountain, 4045-foot-high peak back of Multnomah falls on the upper Columbia River highway. For years the peak's summit, from which five snow-capped peaks may be seen, has been a favorite spot with those who like to view the sunrise on the mountains.

Twenty years ago this writer spent most of one night climbing the steep mountain trail from Multnomah falls to the summit and a good part of the day returning to the highway. The other day he revisited the view point without taking a single step, rolling all the way to the top in an automobile.

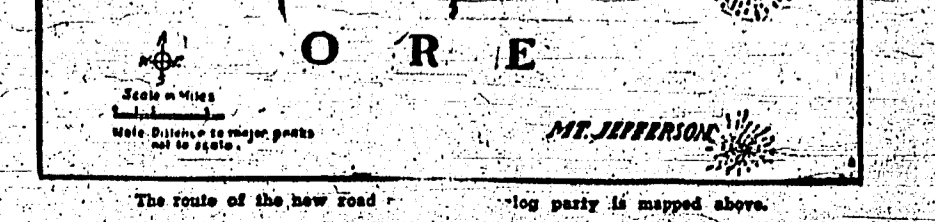

Since 1933 a road has been under construction from the Columbia River highway to Larch mountain summit and it is now completed. Within the next few days it will be opened to the public, with a caravan of civic leaders making the first public trip to the peak's top.

Multnomah county, the WPA and the United States forest service co-operated in building the road which has easy grades, is hard-surfaced, oiled and al-

together an inviting scenic drive, one of the finest in the vicinity. The grade, except for the last few yards, is not over 6 per cent and the last short stretch is only 8 per cent.

Distance from the Multnomah county courthouse in Portland to the summit is only 36.5 miles, an easy hour's drive. The last 10 1/2 miles is new construction, which was being oiled for public use when the visit was made to the peak recently. At the end of the road a wide parking space, large enough for 175 cars, has been built. In the center of it is a strip that will be planted with rhododendrons.

The forest service plans to build a public contact and guard station and provide a picnic ground with tables and stoves next year.

The route of the new road - log party is mapped above.
