RIGHT OUT OF THE AIR

By EARLE FERRIS

BASIL RATHBONE, pictured here, who plays "Sherlock Holmes" in the movies, is also being heard on the air as the famous sleuth with Nigel Bruce of the screen as the

beloved "Dr. Watson." The series is heard over the NBC-Blue network Monday nights with the exception of WLW and WGN, through which it is heard Sundays, and WOR on Wednesday nights.

One of Rudy Vallee's recent guest stars was having trouble conversing with Brazilian Carmen Miranda since her English is limited to "yes," "no" and "okay." So he called on Comedian Lou Holtz who does the interpreting for the South American singer over the air. . . . only to discover that Holtz doesn't understand Miranda either!

Betty Garde, lovely star of stage and radio, pictured here, will take up her role of "mother" once again

when she begins daily broadcasts of "My Son and I" on Oct. 9 over CBS. Last season Betty was a hit in George Abbott's Broadway show, "The Primrose Path."

Dave Elman's "Hobby Lobby" moves to the CBS-WABC network Sunday, Oct. 8. Currently heard Wednesdays over the NBC-Blue network, "Hobby Lobby" has been

on all four networks, something of a record. It started on WOR-Mutual three years ago.

The Grate Theatre, to be heard on the "Kate Smith Hour" throughout the season which opens Friday, Oct. 6, over CBS, spent the summer at Winfield School in Smithtown, L. I., where it played intact throughout the summer as one of the best liked attractions on the "straw hat" theatre circuit.

Martha Mears, lovely young singer now being co-starred with

John Conte on "It Happened in Hollywood" over CBS, is shown pictured here.

Loretta Young, who opens the new "Silver Theatre" series on Sunday, Oct. 8, had her picture on more magazine covers during the past year than any other star of the screen.

Ken Carpenter, shown here, head chime ringer of the Oldie Music Hall, started out to be an actor

and at six had organized his playmates into a theatre troupe. They gave plays in his father's barn until it mysteriously burned down. Ringing the fire alarm was Ken's first step towards playing the NBC chimes every Thursday night.

When the filament of the light burns out, the entire unit is replaced and while the cost of the unit is somewhat more than the cost of the single bulb, the lamp is said to last much longer with the result that the cost per mile is no greater than with the present bulbs.

At the last session of the Oregon legislature, the state's law regarding automotive lights were changed so that the new lamps could be used here. The study made by the industry revealed the need of greater power than provided in the 32 candle power bulbs permitted in most states and through the cooperation of Motor Vehicle Administrators group, all state laws were adjusted to the new system. The increased power necessitates heavier wiring and stronger generators to maintain the voltage at the lamp.

The sealed beam unit is equipped with a small red light installed on the dashboard which glows when the Country Beam is being used. Oregon's laws were amended at the last session to provide that all cars equipped with multiple beam lamps sold in Oregon after 1940 must have that equipment.

MAN BRUISED BY ANGRY BULL AT STONEY POINT HOME

STONEY POINT — (Special to The Eagle)—Byron Kirkbride was severely bruised a short time ago when a bull he was leading to water knocked him down and struck him twice with his head. Mr. Kirkbride received two broken ribs and other bruises but otherwise was not seriously injured.

Mrs. Paul Driscoll received word Monday evening that her husband had been operated on again that morning and that his condition was reported as fair.

Mrs. Otto Michener went to Forest Grove Friday evening and visited her daughter, June, and her mother, Mrs. J. D. Worth. She returned home Saturday evening. Carl Davis and sons, Harold, Cal-

vin and Francis, Chas. Fancher and Bob Gardner left Tuesday noon on a hunting trip in eastern Oregon. Mr. Fancher will stop at Baker and visit a brother. Ms. Davis accompanied them to Portland where she took the stage to Bucoda, Washington, to visit her sister, Mrs. Elza Keene and family, while the men are hunting.

Mrs. Thos. Turner spent Sunday afternoon with Mrs. J. J. Junkins on the O-A hill. She also called on Mrs. Ervin Ackley who has been quite ill with pneumonia, but is

able to be up and around now. Mr. and Mrs. Perry Mellinger and Mr. and Mrs. Oliver Mellinger attended the funeral of Mrs. Wm. Mellinger, which was held in St. Helens Sunday afternoon. She passed away in Portland last Friday after a long illness.

Maybe Jimmy doesn't care about
LIGHT CONDITIONING

But his mother should if she wants to protect those precious eyes as he grows up. Light Conditioning guards against needless eyestrain. It makes seeing easier and surer, and helps young eyes to develop normally.

Is your home Light Conditioned for the long, dark months of the eyestrain season just ahead? If not, now is the time to do something about it. Now is the time to really try Light Conditioning. Remember: eyes are priceless; good light is cheaper than ever before.

TWO SUGGESTIONS
1. Fill all of your light sockets with the right size bulbs.
2. Ask us for a free Light Conditioning checkup of your home.
