The Forest Grove National Bank Invites You To Bank By Mail if Inconvenient To Come In Person J. A. Thornburg, President "THE ROLL OF HONOR BANK"

Statement to The Public We feel that the public is entitled to further explanation of our position so we issue the following statement: In regard to the conference held at the office of the Governor at Salem, Oregon the facts are: At 1:30 P. M., October 19, 1939, a committee from Local 2557 A. F. of L. and a committee from Local 37 I. W. A. met in the office of the Governor with Governor Sprague and P. W. Chappell, Commissioner of Conciliation. After several hours of consideration of proposals and counter propositions the committee from Local 37 presented a proposal that the members of Local 2557 pay to Local 37 I. W. A. the sum of 50c per month per member for a permit to work at the Oregon-American Lumber Corporation mill. This proposal was made out in form as a memorandum of agreement and as an integral part of same it was stated that this agreement was to become effective if and when it shall be ratified by Local 2557 and Local 37. It might be of interest to the public to know that Mr. Chappell stated he was aware that such an agreement could not be made a matter of record and placed in the minutes of Local 2557 as if such action was taken the Brotherhood of Carpenters and Joiners would take away the charter under which Local 2557 existed. The record could show instead of an appropriation of any sum to Local 37 a disbursement of such amount could be made for subscriptions to the Ladies Home Journal and check issued to Local 37. What action the publishers of the Ladies Home Journal might take was not mentioned. As we are not in the magazine racket such a proposition might be said to have had a very offensive odor. We wish to state that had such an agreement been ratified by our Local we would not now be a Local as our charter would have been revoked and the mill would have been placed on the unfair list. Such action by the Brotherhood of Carpenters and Joiners would result in a loss of orders to an extent which would make it impossible to operate the plant at anywhere near its present production. We wish to say also that legal demand has been made on Local No. 37 I. W. A. for the return of all money and property which belonged to Local 2557 at the time Local 37 installed its charter and illegally retained such money and property. In the event such demand is not complied with proper relief will be asked from the courts. Local 2557 Lumber and Sawmill Workers VERNONIA, OREGON

Oregon-American LUMBER CORPORATION Vernonia, Oregon LET US HELP YOU LIGHT-CONDITION YOUR HOME You can begin to enjoy light-conditioning today! Simply phone and ask for a Light Meter survey of your home... without any obligation. One of our Home Service Advisors will call at your convenience and measure the light from your reading lamps and fixtures with a Light Meter... a scientific instrument that measures light as simply as a thermometer measures temperature. A light meter survey will quickly show whether you have enough light to read in bed comfortably. Our Home Advisor can tell you the minimum size lamp bulbs you need in each lamp you use for reading. If your dining room table is also used for studying, you need a 150-watt bulb or a fixture with 3-lamp bulb. She'll show you how to work more comfortably in a light-conditioned kitchen. Perhaps a Silvered Bowl bulb will do it. Oregon Gas & Electric Co.
