Report Fish Catch, Urged

Mr. Fisherman, do you want better fishing in your favorite lake or stream?

If you do, you can furnish valuable aid to the game commission's program of stream survey and fish liberation if you acquire the habit of reporting your catch after each fishing trip.

Catch report cards, needing neither signature nor postage, can be obtained at your sporting goods store, and game commission officials urge every angler to obtain a supply of these cards and send them in after each fishing expedition during the coming season.

Info to Determine Release
The commission is using four crews to survey lakes and streams in the state, and the information sent in by the fishermen will be of tremendous importance in making the final determination of the amount and species to release in the waters of the state.

So to every fisherman goes the earnest request that regular use of

the catch report cards be made during the entire fishing season of 1941.

Pal Shop to Sponsor Team

The Pal Shop will sponsor a softball team in this summer's league, information this week makes known, and the team will be managed by Bert Tisdale. The Pal Shop uniforms will include sweaters and caps.

The team will be composed of high school boys who are interested in the game, Tisdale said.

The first softball league meeting of the season has not yet been called but several players have signified a desire to organize for the coming season. The first meeting of the St. Helens league has been held as a step toward organizing for this summer.
