

Auto Vacuum Aids Anglers

To many the call of the open road also means the call of the open water. The automobile and good roads have brought thousands of beautiful lakes and streams within reach of the vacationist or the week-end. Fishing seasons throughout the country are opening, and these young people were among the first to seek their favorite stream. They carry their own boat, lashed to the top of their Chevrolet, and held securely with a new vacuum-grip holding device actuated by vacuum power from the motor. Note the tube connecting boat rack with motor vacuum.

1,790 Actually Paid

In addition maximum benefits of \$754-673 have been paid to 7,582 unemployed.
