"BILLY THE KID" SMASHING THRILLER—All the natural beauty of the early West, breath-taking in its scenic wonder, comes to the Joy Theatre with the opening of Metro-Goldwyn-Mayer's Technicolor production of "Billy the Kid," with Robert Taylor starring in the title role.

The story deals with a youthful

adventurer who first joins up with an unscrupulous gang in an early-day cattle war, then swings to the side of the persecuted ranchers. The picture is a series of exciting highlights leading up to Billy's dramatic sacrifice of his own life to save that of the sweetheart of the girl he loves.

News of the Theatre

FUN, ACTION COMBINE IN AUTRY HIT—

A delightful piece of entertainment is in store for all western fans—and, in fact, all motion picture fans—for Republic's "Ridin' On A Rainbow," promises elements of entertainment which will please all types of film audiences.

A showboat is the background for the tenuous and colorful story. Captain "Lijah" Bartlett and Maria, his caustic but warm-hearted wife, bring the "Jolly Betsy" into River-town, a ranching center, only to learn that the cowboys they counted on for patronage are destitute, due to a bank robbery which took all their savings.

PIRVATE'S GHOST HAUNTS HUNTERS—

If you go for ghosts, see "Dead Men Tell," the newest of the Charlie Chan mysteries.

The ghost of "Black Hook" Nodbury, an 18th Century pirate chief who buried \$60,000,000 worth of swag on the far-off Cocos Islands, haunts the cabins of the "Suva Star."

Once more Sidney Toler is the bland Chinese detective and as usual he is busy solving murders and keeping his "No. 2 Son," Sen Yung, out of trouble. Harry Lachman directed the film.

'BILLY THE KID' SMASHING THRILLER—

All the natural beauty of the early West, breath-taking in its scenic wonder, comes to the Joy Theatre with the opening of Metro-Goldwyn-Mayer's Technicolor production of "Billy the Kid," with Robert Taylor starring in the title role.

Piston slap, most common of engine knocks, may be subdued for a while by the use of heavier oil, but the real remedy is to have the engine overhauled. The cause is excessive clearance between piston and cylinder walls, due to wear.

DARING ACTION PLOT IN 'PASSAGE FROM HONGKONG'

One of the season's most exciting adventure-mystery films is Warner Bros.' "Passage From Hongkong." The tale tells of daring escapades of two young Americans, Keith Douglas and Lucie Fairbanks, in war-torn Hongkong, rife with intrigue and drama. The supporting cast includes such talented players as Paul Cavanagh and Richard Ainley.

POLICE GUARD MACHINE GUNS—

Police guarded two machine guns for days as they figured in a gangster battle on a Hollywood sound stage. These were the weapons used by Edward Arnold, as a gang overlord, in "The Penalty," film transcription of Martin Berkeley's New York stage hit. Because of eagerness of criminals to obtain these weapons they are kept under lock and key in studios and only brought out with a detective in constant charge. "The Penalty" is the story of the reformation of the young son of a gangster amid simple folk on a "Down East" farm.

MARITAL MIRTH AT JOY—

An appealing comedy of life and its difficulties as it appears to a newly married couple will have its first local showing when Warner Bros.' "Thieves Fall Out" starts its run. The film stars Eddie Albert and Joan Leslie. It is a gay film about a boy who is so anxious to get married that he borrows money on a legacy which would come due in the far distant future. This gets him into one jam after another when he learns that the firm that now owns his legacy is controlled by a couple of ruthless racketeers.

The Old Softies in Your Home
My saucapan longs to fight a foe,
And next week my frying pan may go

To some far distant camp to train
With ambitions to be a bombing plane.

My coffee pot that good odors did expell,
Long ago lost its fragrant smell,
And left to wear a military crown;
It went, I guess, to gain renown.

'My colander that drains my beets
Would rain destruction on the streets
Of old Wilhemshaven and Calais,
Or help to convey ships from Hudson Bay.

The gleaming plane high overhead
Last week was baking my gingerbread.
The bombers that shatter old Chantilly
Still smell of pork and beans and piccalilli.

My double boiler, gray black and blue,
What night-mares I had from you!
I didn't expect my pitted pots to fly
On homicidal missions high.

But by all the gods of heaven's dome,
My pitted pans won't stay at home.

If folks want softies, let 'em BUY 'em,
But for me—I'll let the army fly 'em.

Come folks, place the first spoke in the defense wheel
By buying—stainless steel.

Why We Price Fruits and Vegetables By the Pound

1. You can make a true comparison of values—a pound is the same everywhere.
2. Whether you shop early or late—you get the same value, for the price per pound is the same to all.
3. You can choose the exact weight and quantity you need and pay only for what you get (and no more). Buying vegetables for soup is a good example of this.
4. In citrus fruits, the juice content determines the value to you. Juice weighs heavy, pulp and skin weigh light. Therefore, regardless of size, the weight tells you the best value immediately.
5. Pricing by weight means savings for you, because we can make savings which we pass along to you. For instance, tops are cut off root vegetables at the farm, saving on shipping and hauling expense; also, bunching and tying costs are saved. Then too, our buyers can concentrate on getting the best available values instead of on sizes, to advertise at so much per each. You select the size you want, and pay according to weight.
