### ALLOY USE CUT

More beards on the home front? It may happen in the future, for war is slowly cutting down the allotments of alloys to razor blade makers.

### SWAMP SETTING—

Romantic, mysterious, decidedly out of the ordinary is "Swamp Water," 20th Century-Fox's picturization of the Vereen Bell novel about the dread Okefenokee Swamp.

A popular novel as well as an unusually successful Saturday Evening Post serial, it is different in that it begins in brooding mystery and terror but ends in sunshine and freedom and love.

Walter Brennan, Walter Huston, Anne Baxter and Dana Andrews are featured in "Swamp Water."

**Air-Borne Infantry**

Far cry from the "doughboy" who marched for days to capture his objective, are the troops whose mission it is to fly where their support is most needed, step from their transport plane and taking their place in the line, fully equipped, surprise and overpower the enemy. Accompanying them to the ground and ready for instant use are machine guns, the automatic rifles which they carry themselves, and even motorcycles and the multi-useful "peep." Airborne infantry also is equipped to disrupt communications and destroy command posts far behind the lines of battle.

**I. E. S. Lamps**  
**Prevent Eye Strain**  
 Thousands of people have recently discovered how much more enjoyable reading is when they have plenty of the right kind of light. The new I. E. S. lamps are designed to help prevent eyestrain and in these days when we are reading so much more this is very important. People are staying at home more now, due to shortages of various kinds, so they read the papers, books and magazines to pass the time as well as to seek information on current events, so don't forget that light is as important to seeing as the RIGHT food is to eating.
