

HOT WORK AT SHORT RANGE—The Thompson ("Tommy") sub-machine gun in the hands of a trained infantryman offers a formidable combination which can spell the difference in fire-power when American troops clash with those of the enemy.

HERE'S PERFECT TEAM WORK—These flashy 37-millimeter anti-tank units function with the snap and precision of a well-trained football backfield. Coupled to tiny "jeeps" the pieces can be drawn over the roughest terrain at speeds often in excess of 50 miles an hour. The crews prepare their guns for action in a matter of seconds.

STEEL RAIL BIOGRAPHY

Every steel rail that is made in the United States carries its own biography imprinted on it—when and where it was manufactured, the process used, and clues to other essential facts about it.

into police difficulties, escape from a patrol wagon with a racketeer, and while hiding from the police, set out to produce the composer's show before its Broadway presentation, to prove its authorship.

A FASCINATING TEAM—

A brilliant new acting team looms on the cinema horizon in the persons of Robert Taylor and Lana Turner, making their first appearance together in M-G-M's powerful drama of a gangster's career, "Johnny Eager."

The story gives Taylor the greatest dramatic opportunity of his career as Johnny Eager, ruthless killer who knows no code except the rule of self-preservation. Not until he has pinned a trumped up murder on the only girl who has been able to reach beneath his cold-blooded exterior and find out what makes his heart work, does he make a momentary concession to the laws of human understanding—and then it is too late.

At The Churches . . .
