

Olin to Head Fund Drive

Launched under the endorsement of Governor Charles A. Sprague and opening on Child Health day as nationally proclaimed by President Roosevelt, the state-wide fund-raising drive of the Boys' and Girls' Aid society of Oregon begins May 1.

In Vernonia, F. R. Olin has accepted chairmanship of the drive. Other county chairmen are Mrs. R. A. Dorris of Scappoose and George G. Van Natta of St. Helens.

Governor Sprague, wishing the organization success in the forthcoming drive, has issued the following statement:

"There is no stronger or more universal appeal than that found in little children. In launching a state-wide campaign on May 1 to raise funds, the Boys' and Girls' Aid society can seek assistance from the public on the soundest basis possible.

"The society's record of service in the care and placing of children is well known and of long standing. Now it faces increased demands because of rising costs in living, demands which I know the public will help to meet through generous donations."

Donors Named

Mrs. E. H. Condit, chairman of the drive made here for funds for the Columbia Basin hospital, this week released the names of those organizations which contribute to that purpose: Vernonia Study Club, Vernonia Grange, Home Economics Club, Vernonia Business Women, Knights of Pythias, Legion Auxiliary, Order of Eastern Star, I. W. A., Natal Grange, Loyal Women's Class of the Christian church, Pythian Sisters, Oregon-American Lumber Corporation and a personal donation by Mrs. Claude Knapp.

The I. W. A. Auxiliary did not donate to the fund in the form of money but instead furnished the material and work for 25 bedside table covers.

The total of money subscribed here was \$50, Mrs. Condit stated.

WANTED FOR MURDER!

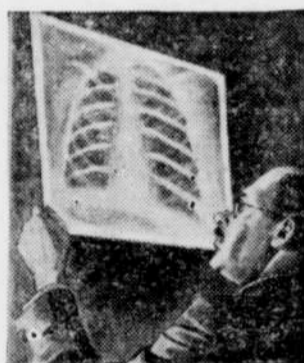

1. This Killer is one of billions of tuberculosis germs now at large. He and his fellows flourish in war-time. Striking without warning, they will eventually, according to statistics, kill one out of every twenty people are reading this warning!

2. The Victim usually doesn't even know when he's been attacked—he may feel fine until months later when it's too late. Eight out of ten persons don't reach the doctor soon enough.

3. The Safest Thing is to have a periodic check-up with your doctor. He can make a simple, painless test in a few minutes. And if you should happen to have T.B. you can catch it in time.

4. Right Now, your local, state, and national T. B. associations are conducting their Early Diagnosis Campaign. Cooperate with them—arrange to see your doctor today. Remember, T.B. kills more people between 15 and 45 than any other disease.

Nelson Gives Appeal for Gardens In Registration

"A farm garden on every farm is needed this year and for the duration to add to the nation's food supply of necessary vegetables," states George A. Nelson, Columbia county agricultural agent. Since the armed forces will require large parts of the commercial or dried and canned packs of vegetables of which the Allies will receive a large amount, and since the food will be higher in price, it is expected, families raising their own vegetables can help the war effort for food production. Transportation congestion will be relieved to the extent that 50 million farmers will produce their own vegetables right where they will be used.

Farms on which vegetable gardens have not been grown in recent years may now be put into use for the food production. Nelson states, "It is not too late to plan and plant a vegetable garden".

A total of 404 men between the ages of 45 and 65 were signed in the selective service registration here Monday, a figure considerably larger than the registration of February 16th when 269 signatures were taken. At Camp McGregor, 49 men in the 45-65 age bracket were signed, a figure only slightly larger than that in February when 62 were signed.

R. A. Bramblett, who was in charge of the registration at the I. W. A. hall, expressed his appreciation for the services of those people who assisted in conducting the signing of the men.

Birkenfeld Girl Found Dead

Dorothy Anne Wanstrom, daughter of Mr. and Mrs. Gus Wanstrom of Birkenfeld, was found dead in the basement of her home Monday. It is believed that the 17 year old

girl, because of ill health, took her own life, shooting herself through the head with a light-caliber rifle.

Overwork at her studies at Oregon State college during the winter caused a nervous condition which might have been the cause of the suicide, it was stated by authorities.

Funeral services were held at Astoria Tuesday.
