

Recognition Due For Observers

Manning the aircraft observation posts that dot Columbia county is a monotonous job at best, but the scores of men and women who are handling this important work have been consistently loyal, George Nelson, county chairman in charge of the posts, said this week.

The chairman last week received a supply of colorful arm bands supplied by the army for distribution to observers who have completed 100 hours or more on the job.

WAY AHEAD

One company is already seven months ahead of its original schedule on tank production.

Telephone Service

During this War Emergency Due to Shortages of Telephone Facilities

Your telephone system is chiefly built of materials which are essential to national defense. Such materials as copper, aluminum, iron, nickel, rubber, etc., are now being used for shells, bullets, bombs, guns, tanks, planes, etc., and they are no longer available for building more telephone lines and equipment.

Before you move, we suggest that you inquire at the Business Office to determine if telephone facilities are available at your new location.

MATTRESS-MAKING DUE

Vernonia people who are eligible for mattress-making will be busy next week at the Washington grade school under the direction of Mrs. Maude Casswell.

Class to Serve Meal

Plans were made at last Wednesday's meeting of the canteen class to have a salmon bake on August 12. Tickets will be sold for this outdoor dinner to members of civilian defense, business people, and others. This will be the first time the class will practice on the public what it has learned. Also at the meeting, Mrs. John Hatfield was elected captain of the group, and Helen Spoffard, assistant captain.

What You Buy With WAR BONDS

Winter flying jackets for both the Army and Navy Air Corps are regular equipment for our aviators. They cost from \$12 to \$18 and are made of horsehide leather lined with sheep shearing.

Purchase of one \$18.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our airmen flying at high altitudes and in northern climes. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond Quota in your county. U. S. Treasury Department

"GUERRILLA GAL" ON GUARD

READY to help their menfolk defend their homes, the province, their families and themselves, women employees of many of British Columbia's larger companies, including Canadian National Railways, are organizing "Guerrilla Gals" shooting clubs on the Canadian west coast to train as potential guerrillas with the catchy motto "Gats for Gals." Above is Mary Nelson, comely brunette statistical clerk, Canadian National Railways, Vancouver, crack rifle shot, who says "Our aim is to shoot as quickly as possible."

BIRTHDAY PARTY GIVEN OMAR POYNTER

Omar Poynter was given a surprise birthday party on Friday, July 24, at the Poynter home. Besides his wife and daughter, Betty, and Leatha Tousley, the following families were present: Bruce McDonald, Ted Keasey, Herb Counts, Gilliam, Cass Bergerson, Christiansen, Bonnick.

Suffers from Sunburn—

Zonweiss Douglass was unable to work several days this week and last week because of a severe case of sunburn. Her place at the library was taken by Jonnibel Hatfield.

MORE BOMBERS

Production of one type of long-range bomber has been doubled since the Jap attack on Pearl Harbor.

WHAT NOT TO PRINT

Our national organizations one and all concur in these thoughts on the moot question of "lists of service men": "Do not identify men in the armed forces in the following cases—soldiers or sailors with names of ships . . . soldiers on their way to embarkation points . . . soldiers and sailors in combat areas

or coastal defenses . . . location of soldiers in coastal or anti-aircraft forces. To identify a service man is to give the name of his military unit. A certain area or any point overseas or a strategic area in the United States controlled by the military. Men may be identified by units while at training camps, but not after leaving camps."

SAFEWAY Homemakers' Guide

NUMBER 54 ★ Three menus created for hot summer evenings ★ A series of lists of money-saving foods ★ A worthwhile barbecue article

These 3 menus will really stimulate lazy summer appetites

When the thermometer soars, appetites go into a natural decline. And the two best ways to revive these lagging appetites is (1) to give particular thought to eye-appeal in planning meals and (2) plan loads of surprises—unusual type menus like these that were planned and tested in the kitchens of the Safeway Homemakers' bureau.
