

### Mileage Rationing Is at Grade School

Registration for mileage rationing was in progress at the Washington grade school Wednesday afternoon and will continue this afternoon from 3:00 to 9:00 p.m. and all day Friday. The grade school will dismiss this last day of the sign-up. The stickers which motorists receive to place on their windshields in order to get gasoline beginning December 1 should be placed in the lower right hand corner of the vehicle's windshields advises the Oregon State Police department. Forms mailed to Vernonia were sufficient for 2000 "A" book applicants.

Dealers, of course, have a lot to do in this rationing business and must register on November 23 and 24 with the local rationing board. Gasoline storage capacity and inventory is among the information which must be given.

**Inspection Part of Program**  
The tire inspection program is one aspect of mileage rationing about which everyone isn't especially familiar. Twenty-five cents is the highest charge that may be made for inspection if no tires are removed from the wheel or rim. If a tire is demounted for inspection, additional charges may be made depending on the size of the tire. These fees include 50 cents for a passenger vehicle tire, 75 cents for a small truck tire, and a dollar for large truck tires in addition to the 25-cent charge.

Authorized OPA inspectors in this territory are: O. K. Tire shop, Vernon Sykes at the Vernonia Auto company, George Johnson at the Vernonia Service station, Bill Heath Guy Bellingham at Birkenfeld, and Roy Hughes at Mist. The tires on every passenger car must be inspected by one of the above between December 1, 1942, and January 31, 1943. Beginning February 1, "A" or "D" mileage book holders must have tire inspections every four months with inspections at least 60 days apart. "B", "C" or supplemental "D" mileage book holders must do so every two months, with inspections at least 30 days apart. Commercial vehicles should have had Certificates of War Necessity beginning November 15, but no reports of their arrival here have been made. Effective that date, inspections must be made every 60 days or every 5000 miles, whichever occurs sooner. No tires, tubes, or recapping services may be allowed these vehicles unless the vehicle has a certificate and has been inspected. At the time of inspection, inspectors must be shown mileage ration books and tire inspection record, if a passenger vehicle, or Certificate of War Necessity if a commercial vehicle.

### Turkey Shoot Successful

The American Legion's turkey shoot held Sunday at the Andy Parker farm in Riverview was regarded as very successful, despite the unfavorable weather. Those attending were local people, who won a total of 33 turkeys, 7 geese, and 12 ducks. Another shoot is scheduled for December 13.

### Miss Nichols Has Committee Role

Joanne Nichols of Vernonia has been appointed to a committee to secure a speaker for the University of Oregon Matrix Table banquet, annually sponsored by Theta Sigma Phi, women's national journalism honorary. Present plans are for this year's banquet to be held in the early part of February.

Upper class women especially outstanding in journalism, literature, and fine arts are honored guests at the Matrix Table. In addition, the outstanding freshman women and the outstanding sophomore women in journalism are feted at the affair, which usually features a prominent writer as the guest speaker.

**NOTICE**  
Notice is hereby given that the following described dog has been impounded by the City Marshal of the City of Vernonia, Oregon, in pursuance to the provisions of Ordinance No. 246 of the City of Vernonia, and will be killed by the City Marshal of said City if not redeemed prior to the 27th day of November, 1942 A. D.

Given under my hand this 17 day of November, 1942 A. D.  
A. D. Lolley  
City Marshal

### Drill Is Plan for Civilian Defense

(Continued from page 1)  
ceeded in getting enough women for this group yet. Incidentally, an additional gas rationing for motor corps and ambulance duty will be obtained by the Red Cross.

Major C. L. Anderson, Oregon State Guard, asked for 75 more recruits, double that already in the body. He stated that many young fellows are getting training, in anticipation of future army duty. Major Anderson has command over St. Helens, Clatskanie, Seaside, and Astoria groups, and hinted that J. W. Nichols is about to become a captain of the battalion.

An affirmative report was given by J. C. Moran head of rural fire protection. He stated that only 4 fires started here during the fire season.

Mrs. Lulah Fullerton reported by proxy that plans for a nursery in each of the 3 districts are in progress. Children of civilian defense workers and others would be taken care of in that way.

Three vacancies in the casualty station were announced by Mrs. R. D. Eby. All first aiders but two would work on ambulances. She valued the supplies of the station at \$600 or \$700.

The coordination of these groups was discussed and they are points that must be ironed out before a drill takes place.

### Another Member Name d

R. M. Aldrich is a fifth member of the local War Price and Rationing board. His appointment as a new member was learned following the announcement of the appointment of the other two members.

### Vacation Determined

Dates for Vernonia schools' Christmas vacation have been set. Vacation will begin shortly after noon on Thursday, December 24, and end on Monday, January 4, 1943.

### Mumps on Record

Seven measles and 9 mumps cases in this county were reported to the State Department of Health during the week ending November 14. The 61 per cent of physicians reporting also listed 1 case of whooping cough and 3 cases of chicken pox.

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten per cent every pay day.

Homemakers' Guide  
**Let's talk Turkey**  
Thanksgiving time is turkey time and the turkey has to be one of tempting goodness. It has to be the right type of bird... in adequate quantity for the least... properly dressed... and definitely good. So to help you, let's talk turkey for awhile, as you will probably wonder how much turkey you should buy.  
An easy rule is to provide 1/2 to a pound of turkey (dressed but not drawn) for each person to be served. Naturally, the larger the turkey, the more meat you'll have in proportion to bone. And it's really good economy to buy a turkey a few pounds heavier than you will actually need.  
**TIME FOR THANKSGIVING**  
This week's Julia Lee Wright article gives tips on organizing that Thanksgiving dinner so that you have time to enjoy it. A simple adaptable menu and recipes are also given in the Family Circle—out Thursday.

Is there any homework to be done on a turkey drawn at the market? It's your turkey from now until table time and it's wise to toast a turkey within 24 hours after it has been drawn. To get a turkey ready for stuffing, remove any pinfeathers, using a paring knife, a strawberry huller, or old sterilized tweezers. Remove the coarse feathers from the wing tips—pliers work fine—or cut off the wing tips. If any hairs remain, singe them off, using a gas flame or lightly twisted paper torch. Then scrub the outer skin of the turkey with a brush and warm water. Cut out the oil sac on top of the tail-piece and remove odds and ends of lungs and windpipe. Rinse inside and out with cold water; pat dry with paper towel or clean cloth. Mr. Turk is ready to be stuffed!  
What is meant by a government graded turkey?  
Government graders are impartial third parties who grade turkeys according to the way they meet certain stipulated government requirements. They mark each turkey with a tag showing the proper U. S. GRADE—your quality guarantee.

**Free every Thursday**  
The Family Circle magazine is designed for your family's reading pleasure and it's yours for the taking each Thursday. Timely articles, up-to-the-minute news, special features, special recipes, household hints and other interesting features are a regular part of this splendid magazine. Get your free copy each Thursday.
