Don't Let The Heat, Which Is Fast Coming On, Bother You!

Sure it's going to get hot, but who cares! Who cares when all one needs to do to cool off is to drop in at Dessy's for a cooling beverage. Relaxing helps too—Dessy's is just the place for that.

Dessy's Tavern

Held by Japs—

Mrs. L. L. Laramore learned last week that her nephew, PFC Jasper Lee Holliday, a marine who was on Bataan, is held by the Japanese. He had been a radio operator on the "Oklahoma."

POINTS NOT REQUIRED FOR PROCESSING

Farmers and consumers are permitted to have meats and fats smoked, cured, rendered, frozen, packaged or otherwise processed, by a recent OPA amendment to rationing regulations. No points need to be transferred, but the processor must keep adequate records.

KEEP NEW CAR PERFORMANCE

The newer cars may run several years without requiring major mechanical repairs, but they can not maintain anything like new car performance and economy without engine tuning at regular intervals.

We are equipped to tune your engine as it was when it left the factory. We have tune-up specifications for your car.

TO KEEP YOUR CAR AT ITS BEST, HAVE IT TAKEN CARE OF AT THE

Vernonia Auto Co.

"Where Your Money Buys More"

THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."

"Glad to, Jim. I told him, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove

it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago.

"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."
