

Those Who Are in It

Clifford C. Bergerson, Jr., son of Mrs. Clifford Bergerson, has successfully completed his flight training at the army air forces advanced flying school at Luke Field Arizona, according to an announcement from the field. At graduation ceremonies June 22, he received the army air corps silver wings and a second lieutenant's commission in the army air corps reserve.

He received his pre-flight training at S.H.A.A.B. Rankin academy and pilot training at Lemoore Field, California. Clifford graduated from Vernonia high school in 1941 and attended Pacific university where he was a member of Gamma Sigma fraternity and yell leader.

Lt. Bergerson arrived here Saturday because of a delay enroute to Ephrata, Washington, where he will be, probably for several months, for practice flying at the bomber base there. He will leave Sunday.

Fire Controlman 2/c Homer Austin arrived here Saturday from San Francisco and must leave again Sunday afternoon. He had arrived in San Francisco several weeks ago after sea duty near Guadalcanal.

Homer's brother, Ellis, from Tongue Pt. is also here visiting their mother, Mrs. A. L. Austin, and other relatives. Ellis, a 3/c petty officer in the navy, arrived here Monday and will return the latter part of this week.

rived in San Francisco Monday of last week from the Hawaiian Islands, where he was in a hospital for many months due to a broken thigh.

"Dear Mom," writes Pvt. L. O. Gilham, Jr., "Now I can tell you some of the things this battery has done since we left the states. We crossed on an English ship; my bunch was put on anti-aircraft guard; we were on duty all the way across to Casablanca. After landing we were put on walking guard duty on the docks. One Arab and three Italian spies were executed by our sleeping quarters.

"After a month of walking guard we were two weeks on anti-aircraft guard, then we were sent to Oran, and are still in the Algerian area.

"The crossing was rough but I didn't get sea sick. I like it much better here than I did in Morocco. Here we have a Red Cross Service club to go to, I never saw one in Casablanca. Wherever we go there are always Arabs trying to bum candy, gum and cigarettes. They aren't as bad here as they were in Morocco.

"The weather is getting pretty hot here, I was in swimming last Sunday for the first time I have been able to get in since I have been in the army."

The above is an excerpt from a letter dated May 29.

Jack Olin left here Tuesday night to report for training at U.C.L.A. in California in the naval reserve under the V-1 program. Jack recently completed his freshman year at the University of Oregon, where he was a member of Alpha Tau Omega fraternity. Several of his fraternity brothers will also be at this California university for what will probably be a year's training.

Sgt. Ed Burton, who is stationed at Seattle, was a visitor here Friday and Saturday.

Buddy George, who is a cook in the coast guard, and who has been stationed at Port Townsend, Washington was here Saturday night and Sunday while on leave. Calvin Davis accompanied him here from Portland.

Garth B. Harland, son of Mr. and Mrs. Lou O. Harlan of Wilark was promoted to master sergeant in the army air corps at the New Orleans army air base.

His promotion was by order of Colonel J. H. Houghton, commander of the southern air field, where air corps, signal, quartermaster, ordnance and military police units are being trained for combat service. His organization is a part of the air service command, headed by Major General Walter H. Frank, and charged with the supply, servicing and maintenance of the army air forces throughout the world.

Sergeant Harlan was graduated from the Mill City high school, Mill City, Oregon.

Struchen's Girl Drowned

A number of people here were sorry to hear of the drowning of Joann Struchen, 8, of Forest Grove. She was the daughter of Wallace Struchen, Oregonian carrier here up until less than a year ago. The boat in which Mr. Struchen, his two daughters, his brother, and another girl were riding capsized on the Nehalem river bar June 20. The 8-year-old girl and her uncle were drowned but the remainder of the party was rescued.

Work Started in New State Forest

Cruising, mapping, fire line and truck trail construction and preparation of a logging plan for the recently acquired Nehalem Pioneer State forest got under way on June 1. The caterpillar crew that has been busy at the Wilark forest during the past winter has been transferred to Jewell and is now busy opening access roads into the forest. The roads will also serve as fire lines.

A surveying and mapping crew has already started its work. The first objective will be to locate and cruise a considerable amount of virgin timber lying near the center of the forest, laying out logging roads in order to tap the timber and prepare logging plans for its removal.

This old-growth timber will run a high percentage of peelters and is in much demand by the war industries at the present time. It is intended to sell this just as soon as preliminary plans are completed.

Agreement Made

In the transfer of the lands to the state by the county, the court reserved the merchantable old-growth fir but entered into a supplemental agreement with the state whereby the state forestry department would conduct all matters dealing with the sale of the timber, administer the actual sale and turn 90 percent of the gross proceeds over to the county.

Monthly Reports Asked of Farmers

Farmers who prepare rationed foods for sale or transfer are reminded that a monthly report on OPA form R-1609 is required of them, to be filed with the local war price and rationing board within 15 days of the reporting period. This is under ration order 16, meat, fats, fish, and cheeses.

Those who meet all three of the following tests must report on this form: (1) have not sold or transferred \$2,000 or more worth of foods covered by ration order 16 in any single reporting period since January 1, 1942; and (2) have not used any points other than the points in his own family's ration books to acquire foods covered by this order; and (3) have not imported any of these foods from outside the United States since March 28, 1943.

Those who are required to report but do not meet all of these tests should use OPA form R-1606

In signing the agreement the county court indicated its belief that the state was in a better position to conduct the sale than the county and would administer it in such a manner as to give assurance of the maximum care in the protection of the residual stand. This is quite a problem since the old fir is scattered throughout a very dense stand of second-growth that is now over 40 years of age.

Examiner Visit Due

A traveling examiner of operators and chauffeurs is scheduled to arrive in Vernonia on Thursday, July 8, and will be on duty at the city hall between the hours of 10:00 a.m. and 4:00 p.m., according to a recent announcement released from the secretary of state's office.

All those wishing permits or licenses to drive cars are asked to get in touch with the examiner during these hours.

Timber School Has Election

TIMBER—A school board meeting was held at the grade school June 21. Mrs. Myrtle Ramsey was elected clerk in the place of Mrs. Lance Brown. Bill Harkson, was elected board member for a three-year term, and the other board members are Art Spitzer, with Blackie Blankenbickler chairman for next year.

Miss LaVern Kilburg returned Wednesday from Portland, where she spent ten days at the Hensley

home. Mrs. Maxine Cameron spent Wednesday and Thursday at the home of her mother, Ida Kilburg. Jack Byers of Springfield visited his son, A. E. Byers, and family last week. Mr. and Mrs. O. S. Shiffer were last Tuesday visitors here. Mrs. John Dunn and daughter, Patricia, returned Monday from Mill City, where Mrs. Dunn cared for her invalid mother, Mrs. O. C. Farman, for two weeks.

Maneuvering menus for over the Fourth

If you want to have a holiday with the rest of the family over the Fourth then do a bit of maneuvering with the menus for the long week end so that you can have some time off too. A little forehanded preparation is all it takes.

MENU STRATEGY

To begin with, plan your menus for the full week end, arranging them so that one day in the kitchen can do the work for two days' eating. Serve the first dinner of the week end hot and family style and for the second day, plan a picnic-style dinner in the backyard, in a nearby park, or in the country.

Next, plan your shopping list in full and do all the shopping for the full week end at one time. As a pattern to follow, we suggest the following menus to be altered to your needs.

FIRST DAY'S MENU

- A Roast of Your Choice
- Mashed Potatoes Cream Gravy
- (Make plenty for the next day.)
- Steamed Asparagus with Sieved Egg Yolk and Vegetable Oil Topping
- Hot Bread Butter or Substitute
- Deep-Dish Berry or Fruit Pie Beverage

SECOND DAY'S MENU

- Sliced Cold Roast on Sandwich Buns
- With Mustard-Mayonnaise
- Mashed Potato Salad
- Tomato Cole Slaw
- Additional Buns
- Butter or Substitute
- Fresh Fruit or Individual Fruit Pies Beverage

OTHER WEEK END MEALS—When there's a bit of leisure time, as there will be in a number of homes over the Fourth, then plan for the breakfast to be a leisurely affair. Dinner may be a late meal and if another meal is in order, make it a "raid-the-refrigerator" affair.

TENDER, O TENDER HEART!

WHY JANE, HOW DELICIOUS THIS IS! I THOUGHT YOU PROMISED ME YOU'D GO EASY ON YOUR RED STAMPS IF WE CAME TO DINNER! AND YET, I SWEAR I DON'T KNOW WHAT IT'S MADE OF!

BEEF HEART, MAINLY.

BEEF HEART? HOW COURAGEOUS OF YOU!

NOT SO VERY YOU SEE, HELEN, I NOTICED SOME TIME AGO HOW FEW POINTS WERE REQUIRED FOR VARIETY MEATS, AND THE MAN AT SAFEWAY SUGGESTED A SIMPLE WAY TO PREPARE BEEF HEART. EVEN MORE IMPORTANT...

...HE SAID, "WHY NOT WRITE TO JULIA LEE WRIGHT? SO I DID, AND THIS IS ONE OF HER RECIPES!"

A TENDER HEART, BUT NOT SO DEAR, EH?
