## Hallowe'en Cooperation Noted

Hallowe'en has passed another time and again the children are to be complimented for realizing that it is practically impossible to treat them during this time of war with its resulting restrictions. As has been the custom in past years, treats of candy, gum or some other article pleasing to children was the inducement not to play a trick, but last year, wartime restrictions made it difficult to obtain treats

and this year that situation was even more pronounced. The idea of trick or treating itself, however, is alright during normal times for it is a bit of fun to see small faces, masked, come to the door, knock, and quote in a high-pitched voice, "trick or treat." Yes, the idea was alright then as a note of amusement and as a substitute for tricks. In times to come perhaps the practice can be revived again.

## Paper Drive Not Likely

Several inquiries have been heard here during the past week or so as to when a paper drive for Vernonia was going to begin. A paper drive was held here a year or so ago when a salvage committee was set up for Vernonia the same as was done in other communities and the Boy Scouts here collected a large amount of waste paper, the intent then being to turn it over as an aid in relieving the shortage of paper at that time.

city dump. In addition to the expense of making the collection and the effort of the many people who saved the paper, an additional expense was incurred when the waste was hauled to the city dump. Considering these facts it is not likely that local authorities, who ordinarily would have charge of the drive, will be enthusiastic over starting another paper collection in this vicinity. And they can't be blamed if they do take such an attitude when it is considered what happened previously.

After the collection was made, word was received that authorities had no need for it. Temporarily, the collection was stored in the old post office building but word from the owner of the building made necessary the removal of the paper and there was only one place to which that removal could be made—the

People of the Nehalem valley have been anxious to aid in many ways in the war effort and have been patriotic to an outstanding degree when called upon, but they don't like to be fooled.

## Events in Oregon

**CLUBBERS URGED TO HELP CARE FOR MACHINERY**

**MEDFORD**—Preparing farm machinery for winter storage in a way to make it last longer and do better work next year is a task that may well be done by Oregon 4-H club members, according to Clyde Walker, extension agricultural engineer at O.S.C., in a talk over KOAC recently in which he told them just what to do and how to do it.

**LOCAL BUSINESS PLANS CLOSING FOR ARMISTICE**

**HILLSBORO**—Hillsboro business houses will close all day Thursday, November 11, in observance of Armistice Day as has been the custom for many years, it was decided at the chamber of commerce luncheon meeting Tuesday of last week.

**PETERMAN CO. PURCHASES STONE LOG HOLDINGS**

**TILLAMOOK**—Charley Stone who has been carrying on logging operation on the Trask river, sold his interest to the Peterman company of Tacoma, Wash., who last year purchased the Tillamook Hammond mill-site at Garibaldi.

The sale, which was closed a week ago Saturday consists of approximately 60,000,000 feet of timber and all logging equipment with the exception of trucks which Mr. Stone has rented to the new owners.

**FOUR MEN LOST IN SWIFT RIVER**

**PRINEVILLE**—Bodies of four soldiers, lost in the swift Deschutes river during maneuvers a week ago Sunday near Eagle rock, were still being sought in the river last Friday according to word from Bend. Sunday's tragedy occurred while "red" and "blue" armies were engaged in the seventh maneuver battle in central Oregon during the current maneuvers. Captain Dwight Pierce, commanding officer of the Prineville infantry company of the Oregon state guard, was one of the observing officers during the maneuvers, but was not present when the soldiers were lost while attempting to cross the swift river under bottle conditions.

**POSTAL RECEIPTS SHOW 16 PER CENT RISE**

**FOREST GROVE**—Postal receipts for the quarter ending September 30 at the Forest Grove post office showed a 16 per cent rise over those of a year ago, according to a report compiled last week.

Receipts for the 1943 quarter showed a total of 07272, while the total for the same period a year ago showed \$6,257.48 as the total. This was a gain of \$1,014.

### MORE SOAP TO BE PROVIDED

An increase of about 9 per cent in the nation's soap supply without using more fats and oil, is expected under adjusted soap formulas recently prescribed by the war food administration. The formulas call for a larger use of domestic non-fat materials, principally rosin, as a substitute for fats.

### BUY HIGHER ANALYSIS FERTILIZERS, URGED

Farmers purchasing mixed fertilizer can save money and at the same time contribute substantially to the war effort by buying higher analysis fertilizers, according to war food administration officials. Higher analysis fertilizers will cost more per 100 pounds than those of lower plant food content, but the cost per pound of plant food is lower. To help the fertilizer distribution program, farmers should apply for fertilizer needed for fall and spring as soon as possible and take delivery of it during the fall and winter months.

### SOME CHRISTMAS GIFTS STILL CAN BE SENT

Christmas packages for soldiers overseas which have been returned to the sender because of an improper address may still be mailed, according to the war department. The original wrapper, bearing the endorsement, "Return to sender, insufficient address," must be submitted with the correctly addressed package to prove that it originally was mailed before the October 15 deadline. Christmas packages also may be mailed to soldiers going overseas between now and Christmas. When the sender presents his package to the post office for mailing he must bring the change of address for containing the APO address to which the package is being sent.

### PINE BOX FOR YOU

Some day you will be cold clay in a pine box. And what will the preacher be thinking as he rises to speak those last words over that cold clay? Will he recall that in life, as you passed on the street, your face gave out a touch of God's own light?

Such a thing might be. Go back to the day when Christ made a blind man to see. Christ led the light into those darkened eyes. He gave sight to the man and said—"I am the light of the world." So He is. He gives the inner light to His people, the saved. Inner light, that shines from the soul and lights the face.

### Light for Every Man

Years later, John the Beloved Disciple, speaks of Christ as Light. Said John, "The Light shined in the darkness and the darkness never overpowered it. That was the True Light that lighteth every man that cometh into the world." Red men, yellow man, brown, black, white men, all who come to God by Christ, have the Light, walk in the Light and send forth the Light.

So what? When you are cold clay in a pine box with flowers all about, where will your eternal spirit be? Will you be out in the dark with the weeping and the wailing; away in the shades of endless night? Or will you be in the land of pure delight where saints immortal dwell?

### Settle It Now

Tell God that you take your stand on the Bible which declares that Christ died for your sins; that His blood washed away the guilt of all the sins of your life time.

Next—step ahead in your Christian duty. Be much in your Bible; go forward on your knees and quit trying to make the grade by human strength.

Turn all the worry and sinful habits over to Christ. Yield over to Him all your abilities and the days of your life journey. Only so can you make it by Power From On High.

**Iron-Taylor**

This space paid for by an Oregon business man.

### FARMERS URGED TO COLLECT SCRAP

In support of the all-out "Victory Scrap Bank" drive to collect iron and steel scrap, Marvin Jones, war food administrator, has urged farmers to comb their farms for all possible scrap. Pointing out that next to industry, the greatest source of heavy scrap is the American farm, Mr. Jones said: "American farmers are doing the greatest food production job in history. However, if we are to insure ample steel for wartime production, millions of tons of scrap iron and steel must come from our farms in the next six weeks."

### SYNTHETIC RUBBER MAY BE USED FOR THREAD

Synthetic rubber may eventually be used in garters, suspenders, foundation garments, and underwear. All restrictions on the manufacture of elastic thread made with synthetic rubber have been suspended by WPB until April 1, 1944.

### LEGAL NOTICE

Notice hereby is given that warrants for collection of delinquent taxes on personal property have been issued by M. R. CALHOUN, Sheriff and Tax Collector of COLUMBIA County, State of Oregon, on the 15th day of October, 1943, in substance as follows:

WHEREAS, The persons hereinafter named appear as owning or having possession or control of certain personal property, hereinafter described, and as being liable for payment of taxes thereon; and

WHEREAS, Taxes lawfully assessed, levied and charged on said personal property have not been paid and are delinquent for the several years and in the respective amounts hereinafter specified;

NOW THEREFORE, In pursuance of Chapter 389, Oregon Laws, 1941, I, M. R. CALHOUN, Sheriff and Tax Collector of Columbia County, State of Oregon, have duly issued warrants to enforce payment of said delinquent taxes.

The names of the persons owning or having possession or control of said personal property, and the description of the property as appearing in the latest tax roll, the year or years for which taxes are delinquent; the principal amount of the delinquent taxes for each year and the interest accrued thereon to the 15th day of October, 1943, the date of issuance of said warrants are as follows:

No. 812: Weaver W. and Ruth E. Clark, Machinery and Livestock: 1943 tax \$16.18, interest \$7.0, total of warrant \$16.88.

No. 811: Clark, Weaver and Sons, Machinery and Equipment: 1943 tax \$32.08, interest \$1.39, total of warrant \$33.47.

Immediately in service of these warrants by publication of this notice once a week for four consecutive weeks, if the delinquent taxes, interest and cost of service shall not have been paid, each such warrant or a duplicate thereof will be filed with the County Clerk for entry in the judgement docket of the county. Thereupon, the amounts of the several warrants, so docketed, shall become liens upon the title to any interest in real property owned by the respective persons against whom such warrants have been issued. The effect shall be the same as though the people of Columbia County had recovered judgement against the person named in each such warrant for the full amount of the delinquent taxes covered by such warrant, together with interest thereon and costs as provided by law.

The lien of any warrant so docketed shall be released on full payment of the amount of delinquent taxes, interest and costs covered therein; or on a satisfactory showing that the person against whom the warrant was issued was under no liability for payment of such taxes at the time the warrant was issued and has not become liable for such payment at any subsequent time; or for other good and sufficient reason.

This notice of issuance of warrants for collection of delinquent personal property taxes is published pursuant to the provisions of Chapter 389 Oregon Laws, 1941 and Section 1-607, O. C. L. A., once a week for four consecutive weeks in the Vernonia Eagle, a newspaper of general circulation, published in Columbia County, State of Oregon.

Date of first publication of this notice, October 21, 1943, and date of last publication, November 18, 1943.

M. R. Calhoun  
Sheriff and Tax Collector  
By Claudia Lowd, Deputy.
