

**Dreamed of Tiger Hunts—  
Bagged a Man-Killer**

December 11 is 100th anniversary of birth of Dr. Robert Koch, discoverer of the germ that causes tuberculosis. As a boy, he dreamed of hunting tigers. At 39 years of age, he captured the fiercest of all man-killers—a monster that, from end to end, is less than 1/15000th of an inch! Christmas Seal Campaign, now going on throughout United States finances year-round work against TB.

**COMBAT BARS AWARDED 19,000**  
Merchant marine combat bars have been awarded to more than 19,000 officers and seamen for active service on a ship that has been in direct combat action. The combat bar consists of horizontal sky blue, white, crimson, and navy blue stripes. Bars denoting active merchant marine service in the Atlantic, Pacific and Mediterranean, Middle East war zones also are being distributed. All bars may be worn by recipients on civilian or uniform coats.

**COAL PRODUCTION, PRICES RISE**  
The highest weekly production record in more than 16 years was established by the U. S. bituminous coal mines during the first full week of operation under the new wage contract between the government and the miners, according to Harold L. Ickes, solid fuels administrator for war. Production for the week ended November 20 was estimated at 12,700,000 tons. Bituminous coal price ceilings were raised an average of 17 cents a net ton to compensate operators to the extent required by recent increases in labor costs. An increase of 80 cents per net ton was made in ceiling prices for by-product foundry and by-product blast furnace coke manufactured in the central west. A similar increase is expected to be announced shortly in maximum prices for industrial and domestic by-product coke produced in the central west.

**ODT ASK HELP FOR SANTA CLAUS**  
Christmas shoppers have been asked by ODT to lend Santa Clause a helping hand by observing the following: (1) Shop now. Mail now. Do not wait until the "eleventh hour." (2) Carry your packages whenever possible. (3) Remember, war bonds and stamps make the best Christmas gifts. They are a good buy and they take minimum transportation space.

**SAVE JARS FOR 1944 CANNING URGED**  
Home canners are urged to save all glass jars and tops suitable for re-use. They will be needed to round out new supplies next summer, the department of agriculture says. Many commercial jars—those containing coffee, pickles, peanut butter, and mayonnaise—are not standardized as to size and type of opening, so that a jar and its metal screw top may be used for home canning by buying only a metal sealing disk with flowed-on rubber compound.

**OWNERS MUST NOTE NEW LICENSE NUMBERS**

Car owners themselves rather than ration boards or automobile registration officials must note new license numbers on their ration books and tire inspection records, under a recent OPA ruling. The action also provides that T coupons issued for use in 1944 by commercial vehicles and taxis will be in strips (similar to strips of motion picture tickets) rather than in book form and each coupon will be serially numbered.

**KEEP DRAFT BOARD INFORMED**  
A farm worker who fails to keep his local selective service board informed of a change of address or occupation may be reclassified or possibly inducted into the armed forces. Only the selective service board with whom the individual has registered has authority to grant him a temporary release from non-farm work which will protect his deferred classification.

**PASSENGER CAR QUOTA IS LOWEST**  
The December rationing quota of 15,500 new passenger automobiles is 25 per cent less than the November quota and the lowest in almost two years of rationing, according to OPA. Continued quota reductions reflect OPA's policy of spreading out as long as possible the remaining supply of new cars for essential purposes. No new cars have been produced since early in 1942. Under a new OPA ruling dealers in selling used 1942 automobiles may charge an increase of 1 per cent a month or \$15—which ever is lower—only for the period the automobile actually was kept in storage and maintained under specified conditions. A user may sell his 1942 used car for no more than he paid when he bought it.

**Mist Circle Meets December 9**

**MIST** — Miss Lillian Seifkin returned to her work Sunday after spending two weeks with her sister, Mrs. Donald Sundland. She is leaving for Seattle this week.

Mrs. Fred Siegenthaler was a caller at the Dowling home Sat.

The annual Mist Helping circle birthday dinner was held last Thursday at the home of Mrs. Siegenthaler. Many members were absent, owing to one cause or another, but a most delicious pot luck dinner was enjoyed at noon and new pale for the coming year were drawn. The Christmas dinner will be next Sunday at the gym and the next regular meeting will be with Mrs. Charles Hanson in January.

Portland business visitors Monday were Mrs. Carl Enneberg, Mrs. William Bridgers, Roy Hughes and Bernard Dowling. James Hill has been on the sick list.
