

LET'S BE SOCIABLE

Mrs. Kobow Nominated As President of V.B.W.

Maude Kobow, a very capable and active member of the Vernonia Business and Professional Women, has been nominated as president of the club for the coming year. Mrs. Kobow is instructor of music at the Washington grade school. Other candidates elected to office include; Noma Callister, vice president, Ivy Masters, recording secretary, Margaret Dement, corresponding secretary, and Bonnie McNutt, treasurer.

The meeting, held Tuesday, March 26, at the Washington grade school was the one gala occasion held each year when the members turn back the calendar and become "school kids" again.

The hostesses, Margaret Dement, Mary Levine, Noma Callister, Esther Willers, and Vivian Phelps, carried out the school-time theme in planning and in serving the refreshments.

Every one was happy to welcome Alvena Martin as a new member.

Hawthorne Classic Reviewed at Club

Mrs. Fred Tousley was hostess for the March 30 meeting of the Vernonia Study Club. "The Scarlet Letter," by Nathaniel Hawthorne was reviewed by Mrs. Sam Hearing Jr. For roll call facts concerning other authors were heard.

On April 6, Mrs. William Heath will talk to the group about the book "Darrow for the Defense," by Stone and the roll

call will be new words. Mrs. Myrtle Ramsey will be hostess for this meeting.

Extension Unit to Meet Thursday, April 6

The Vernonia Extension Unit will meet today, Thursday, at 1 p. m. in the high school. Persons attending are asked to bring a paper sack lunch. A special demonstration will be given by project leaders on making clever inexpensive, and practical files. This special demonstration will be at the first part of the meeting. Several fine exhibits and suggestions will be given for storage space, files, booklets, and bulletins.

In order to make the meeting a success the members are urged to be on time and to bring the following articles: a piece of cotton print, 12 by 18 inches; pasteboard suit box, scissors, pencil, ruler, and small change.

Mrs. E. R. Frank Honored at Shower

Mrs. E. R. Frank was honored with a stork shower Wednesday, March 29. The event was given by Mrs. George Summers and Mrs. Allen Backer at the Backer home.

The parlor was decorated with pink and blue streamers and daffodils. The centerpiece was a celluloid stork on a large round mirror outlined with daffodils.

The guest of honor received her gifts from ribbons attached to a tilted sprinkler suspended from the chandelier. The lace covered table was more than filled with gifts.

Refreshments of cake, topped with white and pink whipped cream and nuts with coffee were served to Mesdames Faith Reynolds, Laura Junken, H. H. Frank, E. P. Frank, Sue Eversaul, Ruth Baucom, Bessie Malmsten, Lillian

Greenman, Bertha Kirkbride, Lou Ann Rogers, Ollie Roberts, Louise Nissen, Lois Clark, Alice Malmsten, Mickey Easterly and Jeanette Chance. Children present at the shower were Geraldine Riggins, Marjorie Reynolds, Linda Ann Baucem, Beth Ann Summers, Orville Edward and Cecil Ray Easterly and Dorothy and Robert Backer and Joanne and Marna Chance.

BRITAIN MAKES GAS TANKS

Soon Britain will be turning out 22,000 monthly of the extra gas tanks that enable U. S. Thunderbolt fighters to rove far inside Germany, the British Information Services has announced. Other items that the British have turned over to the United States forces, under reverse lend-lease include almost 2,000,000 pairs of woolen socks and 1,500,000 pairs of woolen gloves.

MORE GASOLINE FOR WAR

Gasoline needs in this war are 80 times greater than in the last war, the U. S. Petroleum Administration for War says. From New Guinea foxholes, wounded men once had to be carried by mule through oven-hot, mountainous jungles for 21 days to reach the base hospital at Port Moresby. By plane, the Army could fly the wounded to the Port in 43 minutes, PAW said in citing one of the many needs for gasoline.

STRETCH THAT RUBBER

Although the nation is now producing synthetic rubber faster than raw rubber was consumed in this country any time prior to 1941, military and civilian demands still exceed the supply, the Office of Rubber Director discloses. Low speed limits must be enforced and all tires recapped if essential driving is to be maintained during the critical months ahead, the rubber director warns. He reminds motorists that the life of a tire at 35 miles per hour is 50 per cent longer than at 50 miles per hour and three times longer than at 60 miles per hour.

CONSUMER GOODS SURVEY

A check-up on how well government measures have helped to alleviate shortages of civilian goods will be provided by a consumer goods survey now being made by the office of civilian requirements of the war production board. Merchandise to be surveyed includes miscellaneous household articles such as bobble pins, safety pins and cleaning tissue; clothing for men, women and children; household linens; and yard goods for apparel.

FUNDAMENTAL RED-TAPE AGAIN EXPLAINED

The income tax declarations required by April 15, this year, of some 15 million persons are a fundamental requirement in the "pay-as-you-go" system, the Bureau of Internal Revenue explains. Only by means of these declarations is it possible for the Bureau to learn how much tax is due from those whose obligations are not completely met by funds withheld for that purpose by employers. If taxes are due, those who make declarations may pay the entire tax by April 15 or they must pay the first quarterly installment at that time. Other installments are due June 15, September 15 and December 15. Farmers are allowed to postpone declarations and payment until as late as December 15. Penalties are provided

RESOLUTION

Resolved: That members of Vernonia Unit No. 119, American Legion Auxiliary, extend to our beloved member, Wauneta Timmons, and to the members of her family, our deepest sympathy upon the death of her husband, John Lester Timmons.

"God calls our loved ones, but we lose not wholly what he has given; They live on earth in thought and deed, as truly as in His heaven."

Resolved: That a copy of these resolutions be sent to Wauneta Timmons; that a copy be written into the records of this American Legion Auxiliary; that a copy be placed in the local paper.

Signed:
Bess W. Nichols
Fern Kullander

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

for under-estimating tax and failure to pay installments when due, but amended declarations may be made as late as December 15.

MORE CEILINGS IN SIGHT

With most of the nation's major food items and many others under dollars-and-cents ceiling prices that the consumer can understand, the OPA Consumer Advisory Committee has urged OPA to extend dollars-and-cents ceilings to hardware, drygoods, work clothing and similar products. The committee said, "consumers can recognize and help to enforce" such ceiling prices. Meanwhile OPA has established dollars-and-cents ceiling prices for country cured pork products and farmer-produced hybrid sweet corn seeds. There will be some decreases and no increases in country cured pork prices. Consumers may get community price lists, showing ceiling prices on food, from local war price and rationing boards.

ROUND UP

Casualties of the U. S. Armed Forces as announced by OWI March 22 were 38,846 dead, 58,964 wounded, 35,521 missing and 31,521 prisoners—of whom 1,849 have died in prison camps, mostly Japanese.

To make room for 1944 food production, WFA has ordered reduction in last year's cold storage stocks of certain foods. . . . Baked potatoes lose twice as much ascorbic acid and three times as much thiamine as potatoes boiled in their skins, the USDA says.

OPA announces that Special gasoline rationing may be granted for 200-mile delivery on their own wheels of the few remaining new passenger automobiles in dealers hands to users who need them most. . . . An increase of 40 cents per hundred pounds at processor level for yellow and white dry corn milling products, is expected to result in a retail increase of about one-half cent a pound for corn meal, corn grits and related food items. . . . Florida ration boards are carrying out the spirit and letter of rationing in denying special gasoline rations to stranded vacationists. . . . The 1943 maximum prices for binding twine will continue in effect during 1944.

WPB says that—Manufacturers of galvanized pails, wash tubs, wash boilers, funnels, fire shovels and storage cans for petroleum products have been granted supplementary quotas of iron and steel for the second quarter of this year. . . . To enable victory gardeners to buy atomizing hand sprayers, hand dusters, wheeltypes hand cultivators and hand plows easily, it has lifted preference rating requirements. . . . Projects for production of 11,100,000 gallons of Ethyl alcohol annually from wood wastes; and sweet potatoes have been approved, one in Springfield, Ore., the other in Clewiston, Fla.

ODT says that badly adjusted and misaligned truck and bus steering mechanisms "do more to grind tires into powder than any other tire wearing factor," and its bulletin, "Steering Maintenance," will be sent to those who request it—address Rural Press Section OWI, 3540 Social Security Building, Washington 25, D.C.

ORCHESTRA LEADER JAILED

An orchestra leader was arrested for playing "Anchors Aweigh," the anthem of the U. S. Navy, in a Copenhagen night club, the Danish Information Service said.
