

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### FOOD RATIONING NEWS GIVEN

From now on all food stamps will be good indefinitely, unless advance notice of expiration is given, the office of price administration has announced. Housewives may budget their food purchases on the basis of three red 10-point stamps every second Sunday and five blue 10-point stamps the first of every month. To release cold storage space for other food, all frozen fruits and vegetables will not be rationed through April 29. Lard will remain unrationed, ready-to-eat hams will be one point lower, "dry-cured" hams are to be only one point above fresh hams, and other meat point values will remain almost unchanged. Food expected to be in good supply over most of the country during the next three months are: potatoes, cabbage, spinach, lettuce and other greens, carrots, beets, citrus fruits, canned green and wax

beans, tomatoes and other fresh vegetables, frozen vegetables, shell eggs, fluid milk, bread, flour, noodles and spaghetti. The war food administration says each civilian will have on the average 132 pounds of meat in 1944, or one pound more than he had on the average during the decade, 1931-1940.

### DRAFT RECLASSIFICATIONS JUGGLED AGAIN

In an effort to assure a continuing supply of young men for the armed services without inducting those who are indispensable in war activities, the national selective service system has ordered preinduction physical examinations for all class II-A and II-B occupationally deferred registrants under 26 who have not been physically examined. Local boards have been ordered to review cases of registrants under 26 in classes III-A, II-A, II-B, II-C, and III-C before reconsidering registrants 26 through 37 years of age. Registrants under 26 in III-A, II-A, II-B, and III-C are to be reviewed, and if such action is warranted are to be reclassified regardless of existing deferment termination dates. Registrants under 26 found unfit for military service or fit for limited military service only, may be reclassified into II-A or II-B provided they are contributing to war production or war supporting activities.

### MORE NEWS ABOUT TIRES

More tires will be rationed for small trucks and farm tractors and implements in April than in March, but substantially fewer than in April, last year, OPA says. April quotas of new and used passenger tires are the same as for March, and the new passenger tube quota is 7.2 per cent over March. Meanwhile the war food administration urges farmers to withhold appeals for conversion of tractors from steel wheels to rubber tires except in cases of extreme hardship, and suggests that many old tractor tires can be reconditioned. Standard sizes of civilian highway truck tires will now have 35 per cent less crude rubber and more

synthetic, according to the office of the rubber director, which says that the synthetic program can fulfill our military requirements for tires.

### FARMERS GET ATTENTION

Plans for getting farm produce to market and supplies to farms by motor truck include use of one farmer's truck to do what several farmers' trucks formerly did, the office of defense transportation says. Wasteful practices ODT frowns upon include—transporting farm products beyond nearest practicable market; operating empty vehicles when a full or partial load is available; operating with less than a full load where a regular collection service is available; operating in scheduled service over highways likely to cause undue wear; use of a heavy or large vehicle when a lighter one is available and suitable; and hauling persons when other transportation is available. ODT and WFA officials are now explaining the ODT program in a series of regional meetings.

### YOU MAY AMEND TAX DECLARATIONS

While declarations of estimated 1944 income tax and first quarterly payments are due by April 15, amended declarations and payments may be made on or before the fifteenth day of the last month of any succeeding quarter—June 15, September 15, and December 15, the Bureau of Internal Revenue explains. When an amended declaration is made, any increase in estimated tax should spread evenly over the remaining installments. Penalties are provided for failure to file a required declaration on time, failure to pay any instalment of estimated tax on time, and substantial underestimation of tax.

### NEW JUVENILE MANUAL PUBLISHED

A new manual, "Techniques of Law Enforcement in the Treatment of Juveniles and the Prevention of Juvenile Delinquency," has just been published by the Federal Security Agency, which has a limited number of free copies for distribution to civic officials and organizations requesting them.

### ROUND-UP

OPA actions provided that—ten thousand new passenger automobiles and 12,000 new adult bicycles will be available for April rationing... increased ceiling prices for southern produced cordwood match previously announced 50-cent to \$1.10 per cord increases for pulpwood, and increases in ceiling prices, for pulpwood produced in northeastern states range up to \$2.75 a cord... pickled, spiced and brandied fruits will be restored to rationing in June to prevent large diversion of fresh fruit into these higher priced products... retailers of cosmetics and toiletries may continue to pass on the recently increased federal excise tax to consumers... Ill persons may quickly receive extra amounts of rationed foods they need through special handling of applications for such extra rations.

Agricultural workers from Newfoundland will be brought to the northwestern states, primarily for employment on dairy farms, WFA announces.

### LAMB CUTS ARE TASTY

Low cost, low point Lamb cuts are as tasty as lamb chops. Broil shank or flank, or grind up the meat on them and make them into patties or a lamb loaf.

### CARD OF THANKS

We wish to express our gratitude for the beautiful flowers; wreaths of lilies and roses and all the thoughtful kindness shown in this unexpected hour.

Mrs. Harry McMullen, and family.  
Mrs. Evelyn Bearinwelt, and family.  
Mr. and Mrs. Dave McMullen, and family.  
Mr. and Mrs. Hugh Divine

### "WHAT DID YOU DO TODAY?"

What did you do today, my friend,  
From morning till the night?  
How many times did you complain

Rationing is too tight?  
When art you going to start to do

All of the things you say?  
A soldier would like to know, my friend,  
What did you do today?

We met the enemy today  
And took the town by storm.  
Happy reading it will make  
For you tomorrow morn.

You'll read with satisfaction  
The brief communique,  
We fought, but are you fighting?  
What did you do today?

My gunner died in my arms today,  
I feel his warm blood yet:  
Your neighbor's dying boy gave out

A scream I can't forget.  
On my right a tank was hit;  
A flash and then a fire;  
The stench of burning flesh  
Still rises from the pyre.

What did you do today, my friend,  
to help us with the task?

Did you work harder and longer  
for less,

Or is that too much to ask?  
What right have I to ask you this.  
You probably will say:  
Maybe now you'll understand,  
You see, I died today.

The above poem was written by LT. DEAN SHATLAIN, Tank Commander, on the battlefield in Africa. Lt. Shatlain amputated his own foot with a jack-knife and thought he was dying when he wrote his poem. Fortunately he was rescued in time and taken to a hospital in England.

### More Vehicles Registered in '44

A reverse in the trend of motor vehicle registrations noted since the war was seen in Oregon this week as Secretary of State Bob Farrell announced substantial increases in motor vehicle registrations at the end of the first two months of 1944.

At the end of February, there were 372,280 vehicles registered in the state, an increase of four per cent over the total of 357,833 a year ago.

The increase was noted in all types of vehicles. Private passenger cars increased from 293,029 to 301,884 in 1944; busses from 982 to 1,102 in 1944; light delivery trucks from 28,666 to 30,505 in 1944; heavy trucks from 32,992 to 36,525 in 1944.

The truck increase was the strongest of any vehicle type, amounting to ten per cent. Registration fees for the first two months of this year amounted to \$2,808,300.22 compared to \$2,616,011.72 a year ago.

### CZECH MAKES QUICK SWITCH

Forced into a German uniform and made commander of a convoy of three motor cars and a few cannon, a Czech from Silesia led German drivers toward the Russian front, thus presenting the Red Army with three vehicles loaded with provisions as well as guns, the Czechoslovak Information Service said. The Czech is now a soldier with the Czechoslovak Brigade in the Soviet Union.

### PROTEIN FOR STRENGTH

Like fish or fowl, rabbit has a good store of protein. Broil or fry the younger ones, cook the older ones longer.

### NURSE LOSES FAT SAFELY AYDS WAY

Get slimmer without exercise  
Eat starches, potatoes, gravy,  
just cut down. AYDS plan is  
safe, sensible, easier. No exercise.  
No drugs. No laxatives.

Nurse was one of more than 100 persons losing 14 to 15 lbs. average in a few weeks in clinical tests with Ayds Plan conducted by medical doctors.  
Delicious AYDS before each meal dulls the appetite. Yet you get vitamins, minerals, essential nutrients in Ayds. Start the Ayds way to lose weight now. 30 day supply of Ayds, \$2.25. If you're not delighted with results MONEY BACK with the very first box. Phone NANCE PHARMACY

## "Double-duty Doctor"

With thousands of doctors in our armed forces, every M. D. on the home-front is doing double duty. Except in serious cases, don't ask your doctor to make "house calls." In the time he spends going to your home, he could treat several patients in his office. So, go to him, rather than asking him to come to you, whenever possible.
