KOG Committee Urges Care

"Don't be a traitorist this Fourth of July."

That is the word sent out by Otto H. H. Peterson, chairman, Columbia county Keep Oregon Green committee, as a warning to campers and others who will spend this Fourth holiday in the woods of the state.

"Forest fire danger will be great from now on during the balance of the summer," he pointed out. "We are short of moisture now in the woods. With a combination of dry east winds and low humidity, the entire western Oregon section could become a fiery holocaust. Eastern Oregon range forest areas are just as bad off."

Mr. Peterson pointed out that every invasion beachhead in the Pacific and European theatres of war require billions of feet

of lumber for every purpose and Cautioned that fire started here in Oregon from man's carelessness will be just like shooting our soldiers in the back.

Soldiers Need Lumber

It takes 300 feet of lumber to land a soldier or marine on a beachhead and 50 feet each month to keep him there. This lumber goes to repair docks, to build troop shelter and to box and crate everything from food and medicine to planes and guns which land with the troops. Oregon supplies nearly one fourth of all the nation's lumber—that is why we must keep fire from our forests.

Two muffs for every citizen, the local KOG representative insisted, are: Don't start fires yourself and if you see a fire you can't put out, call the nearest fire warden at once.

DRIVING EXAMINER DUE

A traveling examiner of operators and chauffeurs is scheduled to arrive here Thursday, July 6 and will be on duty at the city hall between the hours of 10 a.m. and 4 p.m.

4-H Fair Is Plan in County

Columbia county will have a 4-H Home Economics Achievement fair. Special emphasis will be placed on canning, cookery, clothing, club exhibits, judging

and demonstrations.

Mrs. Pearl Becker, war food assistant, is assisting the county agricultural agent, George Nelson, and home demonstration agent, Mrs. Maude C. Casswell, in organizing and assisting 4-H clubs that produce food. The food production clubs organized thus far are: dairy, poultry, rabbit, garden, canning and cooking.

Many new clubs have been formed and new leaders are taking over the responsibilities of their clubs, showing that the interest in club work as an aid to helping young people is very high in Columbia county.
