It's a Fact . . .

More Good Beef Type Bulls are being Used in Columbia County

The thoughtful Rancher, milking a few cows, is realizing that his calves grow faster, weigh more at weaning age, and net him Greater Returns when he uses a good Purebred Beef type Sire.

The need for Modern Beef type Cattle, especially good herd sires, is being met by owners of Registered Herds, within the County. And prices are only slightly higher than you have to pay for grade or scrub sires.

Inquire of your County Agent for a list of Columbia County Purebred Beef Cattle Breeders.

THE OLD JUDGE SAYS . . .

"I don't blame the fellows overseas for gettin' all het up over it, Judge. For the likes of me I can't see what's all the hurry about holdin' these local prohibition elections while they're away."
"I agree with you, Steve. Time after time . . . in their letters, in articles, in polls taken to get the views of our fighting men . . . they have indicated in unmistakable terms that they don't want any action taken on prohibition, either local or national, until they get back."
"Too bad there isn't a law or somethin' to be sure their wishes are carried out, Judge."
"There is in one state I know of, Steve. Just recently it passed a law prohibiting the calling of any prohibition election until a year after the peace is declared."
"That really makes sense to me, Judge."
