TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

MORE FELT TO BE AVAILABLE
The OPA considered the problems attendant upon the production of dad's new Fedora and has come up with a solution—a new price regulation covering Australian and New Zealand rabbit skins and hatter's fur cut from these imported skins, has been issued by OPA. Recently, sellers of hatter's fur have been forced to curtail their sales and production because of the abnormally high prices in the foreign market for rabbit skins. While the new hatter's fur prices do not lower the general level of hatters' fur prices previously in effect, hat manufacturers will be able to buy raw skins at lower prices or buy a larger percentage of their products from cutters at the March, 1943 level of ceiling prices.

MINE "ICE BOX" TO BEGIN WORK
The first shipments of food to be stored in the Atchinson, Kansas, mine converted into a huge storage warehouse—are ready for moving the WPA reports. The new storehouse is located about two miles from Atchinson and will provide storage space for a wide variety of agricultural products.

SHIPPING RECORDS SET IN 1944
Having moved almost 27,000,000 long tons of dry cargo out of the United States during the first six months of 1944, American ship operators stand to surpass their record of 47,000,000 tons handled in 1943, the WSA said as it furthered plans to honor operators and others engaged in maritime operations on Victory Fleet Day, September 27. In the first six months of 1944 some 9.3 million long tons of petroleum products were moved out, compared to 6.7 million in the first half of 1943.

SHOE STAMPS ARE GOOD INDEFINITELY
Removal of time limitations that restrict the use of special shoe stamps is announced by OPA. The new provisions apply to all special shoe stamps, except that those issued to Mexican border residents must still be used by consumers within 30 days. Previously, some special shoe stamps—such as those issued as extra rations—had to be used within time limits. The provisions affect only special shoe stamps and in no way involve the validity of regular war ration shoe stamps, either for consumer or trade use.

CAR RESERVES ARE NEAR VANISHING POINT
There are only 20,000 new passenger cars in the country today, OPA announces. The quota of new passenger automobiles available for rationing in September will be 3,000 with another 300 as national emergency reserves. This is the smallest quota since passenger car rationing began, and a 40 percent cut from the August quota of 5,000. The new September quota is less than 8 percent of the September 1943 quota of 40,600 cars.

OPA LIMITS SECURITY DEPOSITS
From now on landlords may not ask more than a month's rent in advance in addition to the security deposit (if any) which may be asked of prospective tenants. In other words, a tenant may leave a security deposit, not

to exceed ten dollars, for the landlord's use to provide for the recovery of such movable objects as keys or ice trays. But over and above that the tenant may not give more than a month's advance payment of rent. "The action was taken," OPA said, "to prevent use of security deposits as a means of evading rent control." In some cases, the agency said, landlords have been requiring advance payment of six month's rent or even one year's rent. Even where a tenant does occupy rented quarters long enough to use his prepayment of rent, OPA believes that necessity for making these payments imposes an unwarranted burden on the tenant.

65,000 STORES START PAPER DRIVE
Fully 55,000 chain and independent drygoods stores and 10,000 variety stores are signing a pledge, initiated among themselves, to conserve paper bags and wrapping paper in cooperation with the WPB drive to save wrapping materials. These new pledges are in addition to those which 300,000 chain and independent food retailers throughout the country have already signed in connection with the paper conservation drive.

ROUND-UP
OPA says—if you smoke imported cigars, you will be glad to learn that dollar and cent ceiling prices for importers, and wholesalers, and at retail for practically all brands have been established. . . Consumer prices on Swiss cheese are being reduced nationally by an approximate average of 3 cents a lb., while the price at the factory level for the product is being increased by an estimated weighted average of 3 1/4 cents a pound, through a reduction of more than 6 cents a pound at the wholesale distributive levels. . . authority for all retailers of meat to precure steaks from top or bottom rounds of utility and cutter and canner grades of beef has been granted. . . Rationing controls have been removed from spiced green tomatoes. . . A new regulation providing specified dollar-and-cent ceiling prices for milling and kiln drying services on Northwestern softwood lumber, when performed on a custom basis, has been announced. . . Several changes in f.o.b. shipping point ceiling prices for fresh peaches produced in Montana, Wyoming, Utah, Colorado and New Mexico have been set up under Amendment 54 to MPR 426.

USDA says—Our dominant aims with respect to agricultural policy after the war should be, according to Sect'y Wickard—full production at maximum efficiency; equal living standards for farm and city families; equal protection for all types of farmers; soil conservation and improvement; conservation and improvement of forest resources; and reclamation and cultivation of potentially good farm land.

Keeping Up With Rationing
PROCESSED FOODS: Book 4—Blue stamps A-8 thru L-8 val. ind. Blue tokens to be discontinued Oct. 1 and accepted only in multiples of 10 between Sept. 17-30. Retailers will not give change after Sept. 17. Use all you have before Oct. 1.

NOTICE
WE ARE NOT planning to sell the Squeeze-Inn and have not purchase the Terminal building. For the past several weeks rumors to the effect that we were selling our present location to buy another have been circulating. These rumors are false. Let it be understood that we are remaining in our present business location and are not selling the Squeeze-Inn to purchase the former Terminal Cofe.
