

## They Are Buying War Bonds - Are You?

Gunner's Mate Oliver Huntzinger, 21, comes from Anderson, Indiana. He was aboard a destroyer escort in the Mediterranean when a Nazi torpedo struck his ship, throwing him a distance of 35 feet. First he was taken to a British field hospital and is now in the Navy Hospital at St. Albans, N. Y. He is buying War Bonds. Are You?

Wounded at Bizerte, S1/c R. D. Stalter, Spring Valley, N. Y., can still smile although one leg is shorter than the other because of a big piece of Nazi shrapnel. Your War Bond purchases make possible the best medical care in the world for our injured heroes.

Gerald Haile is 22 and a S1/c from Los Angeles, California. His ship took a Nazi torpedo in the Atlantic but remained afloat long enough for another to come alongside and take off the wounded like Haile. A carrier in the same convoy was sunk. Now he is recovering from his wounds at the Navy Hospital at St. Albans, L. I. Like most service men he is buying War Bonds.

**THE OLD JUDGE SAYS...**

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"  
"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."  
"We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the next War Loan drive over the top, Jim."  
"And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."
