

# TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

## GASOLINE SITUATION IS STILL TIGHT

The average civilian motorist should expect no increase in his gasoline ration for the next several months, at least not before the end of the war with Germany, the OPA says. Civilian stocks of gasoline built up last winter have been greatly reduced despite increased imports and record domestic production. Civilian grade gasoline stocks have decreased approximately two million barrels in 30 days.

## ONIONS TO BE PLENTIFUL THIS YEAR

Your hamburger sandwich may have gone without onions last year but now there's no excuse for such a deficiency, because the WFA estimates that this year's crop will be 45 per cent above the ten-year average, 1933-42. For satisfactory home storage select good fully dried onions, keep in a well-ventilated, dry place in temperatures as near to freezing as possible without freezing. Onions store satisfactorily at temperatures from 32 to 55 degrees. Pantry or attic usually is superior to cellar. Never pack onions closely in a closed container. Spreading on a screen placed overhead in a garage or back porch is good if temperatures remain above freezing. Good quality onions will keep several weeks under ordinary room temperatures at this time of year.

## FOOTBALL TRAVEL WILL BE CURBED

To restrict football travel, football team managers have been requested by the ODT to confine sale and distribution of tickets to residents of local areas of cities or towns in which the games are to be played. The ODT also has asked football teams in traveling by train to use coach accommodations wherever possible and to make Pullman reservations no earlier than the day before departure.

## ROUND-UP

The Department of Agriculture says—Butter supplies for civilians for the last half of this year are estimated to be 4 percent smaller than in the same period last year and the smallest for this period in more than 50 years. Civilian supplies of fresh fruit, frozen fruit and canned fruit juice are substantially larger this season than last, but supplies of canned and dried fruits are smaller. A few weeks more of favorable weather will give this country the largest volume of crops it has ever produced.

The WPB says—Cities and towns are declaring "paper holidays" during which merchants use no bags or wrapping paper except for sanitary or protective purposes. The Girl Scouts of America will join the drive for salvage of tin, paper, and rags on October 1. Each Pennsylvania school pupil collected an average of 30 cans for tin can salvage during the six months ended May 31. No rumors of Germany's surrender should be accepted unless confirmed by Gen. Eisenhower, cautioned the War and Navy Departments and the OWI. Five percent of the 27 million Christmas packages mailed to Army and Navy personnel last

year was lost because of faulty packing and addressing. Beginning Sept. 22 all gasoline filling stations may accept off-highway "R" coupons. Production of corn pickers for this year's crop is larger than for any previous year. More than 4,000 automobiles a day are being scrapped, to leave an estimated 23,750,000 cars in operation at the end of the year, according to OWI.

## "MY PAL ROSE"

I had a swell pal once,  
A grand Old Girl,  
Between gossip and work,  
We were always in a whirl.

Each morning, we would wander  
Out among our flowers,  
And compare our various posies  
With the others wondrous bowers.

She said this and he did that  
Is the way we always started.  
My posies are the largest,  
Your roses are better than mine.

I weeded my garden before you did,  
My vines are begining to climb.  
Yours look like a henpecked cabbage  
But your asters are really divine.

This big conversation usually ended  
With coffee and cake and repose,  
For we are darn good pals,  
And we don't give a hoot  
Who grows the largest rose.

and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Sworn to and subscribed before me this 26 day of Sept. 1944.
