Frost Fraternizes With Vegetables

THOSE WHO ARE IN IT

PARENTS GET PHONE CALL

Mr. and Mrs. Herb Sturdevant were surprised Sunday night by a telephone call from their son, Ralph, who is stationed at Camp Wolters, Texas. He wished that all his friends be told "hello."

TRAINING COMPLETED

RIVERVIEW — Ray Buell, writes his aunt, Mrs. John Dickhaut, that he has completed his boot training at San Diego and has gone into the Seabees.

SEES INVASION

Mr. and Mrs. Fred Olin recently received news of their grandson, Jack, who participated in the Okinawa invasion aboard the USS Yakutat. A part of the letter telling of that experience says:

"When we left Saipan last March we went to Okinawa where we arrived several days before the actual invasion began. We saw the invasion through from first 'til last and believe me it was no fun with the Kamihayee (suicide) planes, suicide boats and the Baka bomb attacks to contend with day and night. During those months we were at General Quarters (under enemy air attack) over 200 times, and countless numbers of the raids would last into the greater share of the night. I'm very thankful that we managed to leave that campaign in one piece. I assure you there were moments when I

had my doubts. I hope I never have to witness such death and destruction again, even though it be our enemies. I managed to visit several of the smaller islands after they were secured. Some of the native villages, the few that were not destroyed proved quite interesting from the standpoint of observing primitive Korean life. The country is very pretty, very green, terraced gardens, rice fields, even a few familiar pine trees here and there. The people themselves are a very backward lot, most of them can neither read nor write and very few had ever seen self propelled machinery. The natives are clean, though, and their houses are most immaculate. As for culture, education and standard of living, the Japs have done nothing for these people. The climate was very cold and rainy when we arrived, but later on it became almost tropical. There is much of course that I haven't told you, but all the rest must wait until I come home. I can't tell you where we are now, so please do not ask me. We're quite safe, and for a change are catching up on our sleep."

Brush Fire Stopped

The fire department was called Monday afternoon to a brush fire at the end of C street. No damage was caused due to quick action by the department in using the new tank and pumper equipment.
