### "The Future of Japan" Reported at Club

The Vernonia Study club met at the home of Mrs. Ben Brickel on Thursday evening, October 18. During the business session the president gave a report on the progress of the War Chest Drive.

The program was in charge of Mrs. Harry Culbertson who gave a brief but informative report on the book "The Future of Japan," by William Johnstone.

The author knows Japan, the country, the history and its people as he has studied and traveled extensively in the Far East and has written many books in the field of Far Eastern politics. In this book he presents his own proposals for postwar treatment of Japan, arguing that disarmament and control of Japan by the United Nations must be coordinated with a constructive policy to assist the Japanese in building a peaceful and trust-

worthy nation.

The next meeting of the Club will be held on November 1, at the home of Mrs. Harry G. Sandon, with Mrs. Sam Hearing, Jr., in charge of the program.

### St. Mary's Altar Society Makes Plans

RIVERVIEW — A very worthwhile meeting of St. Mary's Altar society was held Wed. at the Chas. Beacom home. After a social half-hour the meeting was opened by Mrs. Alois Sauer, chairman.

Following spiritual discussions the members devised ways and means for increasing their general funds. It was decided to hold a food sale at Thanksgiving time and to complete a quilt for the Christmas market.

Members were pleased to have Mrs. Johnson Sozoff as a visitor. A tasty lunch of coffee with cake smothered in whipped cream and topped with fresh strawberries was served by the hostess.

### Social Club Plans For Friday Dinner

The regular meeting of the Nehalem Social club was held at the home of Dorothy Sandon with Edna Linn, assisting, on October 10th, with 17 members present.

Plans were made to serve the dinner for the health association meeting which was held Oct. 15th. Plans were also made to serve luncheon for part of the 700 teachers expected to attend the tri-county meet on Oct. 26th.

### Missionary Group to Meet November 2

The Woman's Missionary meeting of the First Christian church will meet at the home of Mrs. Blanche Millis on Friday evening, November 2nd, at 7:30 o'clock.

### V.F.W. Auxiliary Initiates One

Mrs. Wm. Shafer was initiated into the Auxiliary of the V. F. W. Wednesday, Oct. 17th. As the Auxiliary is attempting to raise funds, it was decided to see if arrangements could be made for serving the Booster club dinner in the near future. It was also suggested that in addition to cigarettes and candy for the hospital box, there be included the popular pocket book editions. The box will not be sent until the end of the month so there is still time for donations from those who have not done so. Donations may be left with Mrs. Lusby or Maeva Peters at 841 Grant St.

The next Auxiliary meeting will be the first Wednesday in November, the 7th.

Mrs. Goodman and Mrs. Juola were at San Diego last week

just previous to his discharge and returned here with him Friday. While there they were able to see Elmer Goodman, another son of Mrs. Juola, who is with the navy and is helping transport troops from Hawaii to San Diego.

Mr. and Mrs. Goodman are spending several days in Portland on their honeymoon and will return here before he reports back to Santa Barbara at the end of his furlough.

### Successful Baking IN ONE EASY LESSON!

Go to the grocery store and buy a couple of dollars worth of flour, some shortening, yeast, etc. to the amount of another dollar or so, then, in addition, use up a lot of material that could be put to better usage elsewhere, like milk, butter, flavorings, etc., spend the best part of a day slaving to get it ready for the oven, then watch it anxiously to get it baked right, and, if your lucky, about half of your home-made products turn out o.k.—OR, be sensible and shop at your local bakery, where—for a few cents—you can get a nice assortment—fresh every day—with no work and no risks involved.
