RIFLEMEN WIN OVER PORTLAND

Vernonia Gun club shooters won their last match, held March 15th at Portland, by a 990 to 983 score from the Portland No. 3 team. High man on the Vernonia team was Ronald Fetsch whose score total for the prone and standing positions was 187.

The local club won a match the previous week when the Oregon No. 2 club came here, by 896 to 872 score.

Latest competition for Vernonia was with the Hill Military Academy team which was here last night for a make-up match.

Scores for last Friday's match with Portland were:

	prone	std.	ttl.
R. Fetsch	98	89	187
B. George	96	83	179
D. Mitchener	96	83	179
E. Darst	98	75	173
J. W. Nichols	91	81	172

World Series Movie Dated

The "World Series of 1945" is the title of a sound movie which will be shown here Monday, April 22. Arrangements for the film were made by Coach J. Hergert. The picture will be run twice, he said, once for students about 3 o'clock that afternoon at the Washington grade school auditorium and again in the evening at 7:30 at the same place. The later showing is open to adults and no admission will be charged.

However, plans for the showing are tentative the coach emphasized, and may be changed if necessary at a later time.

LOGGERS PLAY GAME TUESDAY

The Loggers played their first Golden ball tournament game in Portland Tuesday evening when they met Centenary - Wilbur church on the church floor. Ten boys made the trip with Coach J. Hergert and Paul Gordon. The three brackets of the tourney have 120 teams entered and Vernonia and Scappoose are the only two towns representing Columbia county.

Tuesday's game with Centenary-Wilbur brought a 38 to 34 loss for Vernonia principally because the boys experienced a difficult start which gave C-W a 16 to 3 lead at the end of the first quarter and which the Loggers were never able to overcome. That lead was whittled down later, however, with the half ending 23 to 16 for C-W. Vernonia will not play any more games in the tournament due to this loss.

TWO GAMES WON BY IWA

The IWA basketball season ended Saturday night of last week with a win for Vernonia over Forest Grove by a 56 to 37 score. The Saturday game was preceded by another win for the IWA over Farmers' Dairy Co-operatives 45 to 37. The previous game was played March 14.

SCHROERER POINTS OUT DANGER OF FERN BURNING

(Continued from page 1)

is not true. During the regular fire season the new crop of fern is green, covering the old, dead, flashy materials. The fern fire does not burn with sufficient heat to remove any of the heavy debris on the ground such as snags, logs and large limbs.

The burning law is so designed that the governor can close the fire season after the first of February if conditions make it necessary. The state forester's policy will be to ask for closure in the northwest district if conditions get so that uncontrolled fires are endangering timber lands. With such a closure it will be necessary to secure a permit before setting any fires on or near forest land. Any fire started without a permit will be treated as a violation of law with the same action to be taken as during the summer months.

If it becomes necessary to have a pre-season closure it will be advertised in the local papers and over the radio. This closure will not exclude burning but will require permits which will give the protective agency the opportunity to set up certain safeguarding restrictions before the permit will be issued. Burning without a permit will consequently be a violation of law and will be treated as such.

If weather conditions become so that it is necessary to put this closure into effect the protective

Court to Get Name Dispute

Filed at the office of the county clerk in St. Helens a short time ago was an action by three men of the United Electric and Supply company against a fourth to prevent using the name of United Supply company, which the plaintiffs assert is too similar to their name.

Plaintiffs in the action are J. W. Shortridge, J. E. Fossum and L. G. Van Doozer, while R. A. Harvey is defendant. The complaint states that they were associated with the defendant until the first of the year, but that they purchased his interest, together with the right to use the name, and set up the United Electric and Supply Co.

Damages of \$1000 are sought and plaintiffs wish the defendant to refrain from using the name "United Supply Co." or any name with the words "united," "electric" or "supply" in it.

agency plans to put on sufficient personnel both in lookouts and wardens to take care of the situation. These wardens can be contacted as in previous years at the same headquarters.

Plans Call for Easter Event

At the last meeting of the American Legion auxiliary tentative arrangements were made in attempting an Easter egg hunt this year. The event will be sponsored for children 12 years of age and under, the auxiliary announces.

In order to make the hunt a

success, townspeople are asked to assist in obtaining regular eggs as it is impossible to secure candy eggs.

How to Make Spring Housecleaning Easier

The room-at-a-time method of spring housecleaning leaves most of the house livable during housecleaning and it helps get rid of lots of clutter. I like to do a room a week, then the whole job isn't so tiring and seems much easier.

HERE'S MY CLEAN-UP SHOPPING LIST
Packaged Soap for all soap-and-water jobs.

Vinegar for removing grease and smoke smudges. (Use 1/4 cup vinegar to 1 cup water. Make a small amount and replenish as needed.)

Scouring Powder for all stubborn spots.

Window Cleaner for windows, mirrors and glass surfaces.

Liquid Wax for linoleum and woodwork.

Paste Wax for hardwood floors.

Furniture Cleaner and Polish.

Laundry Bleach to get things snowy white and to disinfect.

Starch and Dyes to freshen curtains.

Wallpaper Cleaner for wallpapers and nonwashable window shades.

Brooms, Brushes and Dustcloths.

Paper Towels for window cleaning and to wipe up spills.

Upholstery Cleaner for upholstery, rugs and nonwashable draperies.

Ammonia for cleaning brasswork.

Silver Polish for cleaning silver and chromium.

Special Cleaning Agent for sluggish pipes.

CAUTION!!!
Be sure to follow the directions given on the product, and experiment a bit on an inconspicuous spot if you're uncertain as to how to use it. This way you'll develop the right technique.
