Land Purchase Mabe by Parker

RIVERVIEW — Andrew Parker reports the purchase of a 2½-acre plot of land up Rock Creek which he bought as an investment after selling some of his property here. The property was formerly owned by Mr. and Mrs. Richard Sherbeck. Mr. Parker is busy at this time constructing a drive to his residence. Other property changes are under way and several new buildings are in the offing.

When Mr. and Mrs. Paul Wood came out from Vancouver Sunday morning they brought Olof Jacobson, who was stranded at that place due to non-bus service, to his home here. Mr. Jacobson had been laid off ship yard work Friday evening after a 2¾-year term of extra steady service.

Laurel Jacobson left Thursday, his birthday, with John Dickhaut of Vernonia in John's large truck for California in search of employment. Their first stop will be at Stockton and they may go as far as Los Angeles. Mrs. Dickhaut accompanied them in the family car with provisions and camping supplies.

Contractor York and two helpers of Vernonia are busy this week at the P. L. Welter home working on more sturdy foundations for both house and barn.

Recent guests at the W. J. Lindsley home were Mr. and Mrs. L. A. Lindsley of Portland.

John Wilcoxen S1c who spent a five-day leave at his home here recently, sends word that he has been taken off the U.S.S. Pennsylvania as she is to be used as a guinea pig in the coming atom bomb test and he is now waiting at pier 91 in Seattle for further orders. John has been in the navy nearly two years and enjoys his service jobs.

Mr. and Mrs. Chas. Zimmerman and family of McMinnville spent Sunday here at the Harry Kipp and W. J. Lindsley homes.

Art Robinson of Portland and Rena Cantwell of Vernonia were week end guests at the C. N. Van De Bogart home, and Friday evening callers at the same home were D. B. Cantwell of Goble and Mr. and Mrs. D. D. Cantwell of Vernonia.

Sunday dinner guests at the T. F. Hillyer home were Mrs. Chas. R. Franklin of Elkton, aunt of Mrs. Hillyer; Mrs. Walter Joslyn and Ethel Franklin of Portland and Mr. and Mrs. Henry Hecker of Bonnie Slope, near Portland.

A SALESMAN CAN'T CONTACT 3200 PEOPLE EVERY WEEK — BUT THE EAGLE CLASSIFIED PAGE DOES.

War Surplus Sale Set April 24-25

To speed distribution of critically needed surplus consumer goods, the war assets administration will hold an "emergency" sale for certified veterans in Portland April 24 and 25, according to C. T. Mudge, Portland regional director. Similar sales will be held in Spokane, Wash., and Boise, Id.

The plan is designed to promote more equitable distribution of surplus and eliminate the inconvenience previously caused buyers when they were required to go to the Puget Sound area for sales.

The Portland sale will be held in the Municipal auditorium, southwest Third avenue and Clay street. Veterans of World War II holding appropriate purchase certificates will be offered at fixed prices approximately 4000 automotive units, 50,000 yards of 58-inch heavy O. D. duck, miscellaneous hardware, 235 combination bench and pipe vises, 8415 round-point shovels and 5650 peavies.

All the merchandise is unused and samples will be available for inspection in the war assets display room, 835 W. Burnside, Portland, April 22 and 233. Veteran purchase certificates will constitute tickets of admission to both the sale and inspection.

Specific information concerning the commodities to be offered and other sales data will soon be sent to certified veterans in the Oregon area holding appropriate purchase certificates. Oregon veterans may obtain additional information from the veterans' division of the war assets administration, 310 S. W. 6th ave., Fenton Bldg., Portland.

The Independent Way

We are proud to be a part of the Independent telephone industry, which has contributed so much to progress in communications in this country. Among the many important contributions to telephone progress developed by the Independent industry are the dial telephone, the pay station, and the modern switchboard key. We take pride, too, in the fact that Independent companies serve more than 12,000 communities and two-thirds of the geographical area of the United States.
